University of Cincinnati
Instructor in Typing

W. F. McGLAMERY, A.B.
Mercer University
Instructor in History

J. H. McGLOTHLIN, A.B., M.A.
Furman University; University of Virginia; Phi Gamma Delta
Instructor in English

M. A. OLSON, A.B.
The Stout Institute
Instructor in Drawing

A. J. PEACOCK
Instructor in Machine Shops

J. M. PHAGAN, B.S.
North Georgia Agricultural College; Teachers' College, Alabama
Instructor in Mathematics

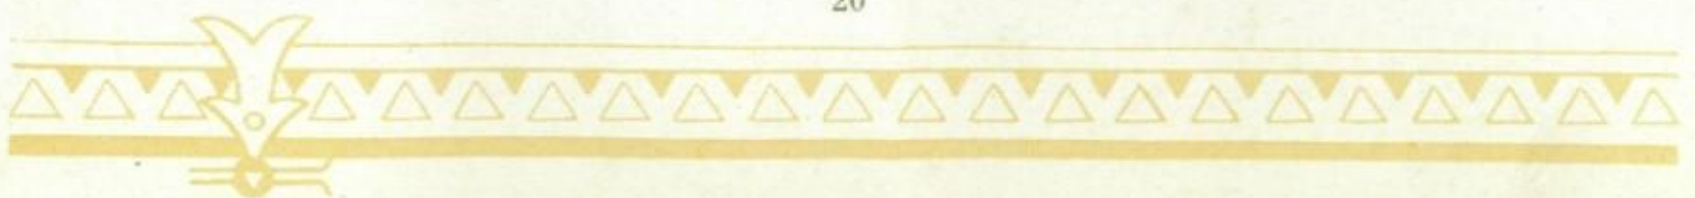

J. ELGIN POOLE, M.A.
University of South Carolina; University of Kentucky; Oglethorpe
Head of History Department; Golf Coach

P. A. RINGSMITH
The Stout Institute; Phi Sigma Beta
Instructor in Foundry Shops

WILLIAM J. WARD
Army Air Corps; M. S. T.; Georgia Tech
Instructor in Aviation Shops

E. E. WHITE
Bradley Polytechnic Institute
Instructor in Auto Shops

P. S. WOODWARD, B.S., M.S.
Chicago University; University of Illinois; Columbia
Head of Manual Arts Department; Band Director

P.-T. A.

AT the beginning of the 1931-32 administration, Tech High School P.-T. A. felt that this was the time to evidence its desire to not only fulfill the seven great purposes for which the organization was founded, but to specifically center its efforts on welfare work, which is one of the objectives of this plan of co-operation.

Real love, not charity nor pride, has been the underlying principle and guiding spirit of our efforts to meet the challenge presented by the existing economic situation.

Perfect co-operation with student body and faculty has been our aim, and to that end we truly appreciate the opportunity given us of participating in the trip of Tech High's Band to Yorktown. It has been our desire to contribute to every activity of the school that needed help.

The establishment during this administration of a nucleus for a student loan fund is the initial step of a plan which we hope will flourish and bear fruit—a plan to render aid where aid is needed.

We write "Finis" to another chapter in the history of Tech High P.-T. A. It has been our aspiration to hasten the attainment of that ideal of constructive co-operation between home and school, parents and teachers, that is the fundamental objective of our Parent-Teacher Association.

ALLINE W. WEEKLEY,
Corresponding Secretary.

History of Tech High

A RELATION of the history of Tech High sounds more like an Alger story of a poor boy possessed with an indomitable spirit making good, than it does the true story of the beginning and progress of a now great high school which has yet to reach its peak of glory. The story of Tech High is the story of a school founded under such circumstances that its continuance and growth seemed impossible; but due to the spirit and love of the faculty members and students from the date of its founding to today, it has risen to be one of the most prominent high schools in the South.

Twenty-nine years ago, in 1903, there was only one high school in Atlanta, Boys' High School, located on the corner of Courtland and Gilmer Streets. It offered the regular academic studies, but a number of the more enterprising and ambitious of the boys desired training along technical lines, so in 1903, a special department was created to accommodate these students.

Thus Tech High was started. In a short while the number of boys desiring technical training grew to such proportions that it was found necessary to remove the Tech High branch to Marietta Street. Here in a two story frame building, heated by old stoves, poorly lighted, and menaced by bad sanitary conditions, Tech High continued to grow, due to the superhuman efforts of Professor C. S. Culver and of the superintendent, Mr. William M. Slaton.

This astonishing growth under adverse circumstances, as said before, was due to the efforts of the men who composed the faculty and to the will and energy of the students. The first faculty of Tech High was composed of: Mr. C. S. Culver, principal; Mr. E. S. Maclin, Mr. W. O. Cheney, Mr. C. A. Dean, Mr. Kemp Malone, and Mr. W. R. Snyder. The most prominent of the group were Principal Culver and Mr. W. O. Cheney. Later Tech High's first literary society was named after Mr. Culver. Mr. Cheney, the present principal, has been the greatest Smithy of them all, having lived and worked for the past twenty-eight years for Tech High.

Following Mr. Culver as principal, came Mr. Siler, head of the Science Department. He was succeeded by Dr. W. A. Sutton, who remained in this position until 1921, when he resigned to take over the position of Superintendent of Schools. He was a great principal and a great man. He has recently been elected head of the National Educational Association.

When Dr. Sutton resigned in 1921 and was succeeded by Mr. W. O. Cheney, it was a case of one good man succeeding another. Mr. Cheney, besides being a teacher, is also a business man. He placed Tech High on a paying basis, made the lunch stand a profitable enterprise, paid off a several thousand dollar annual debt, and made money with the athletic teams.

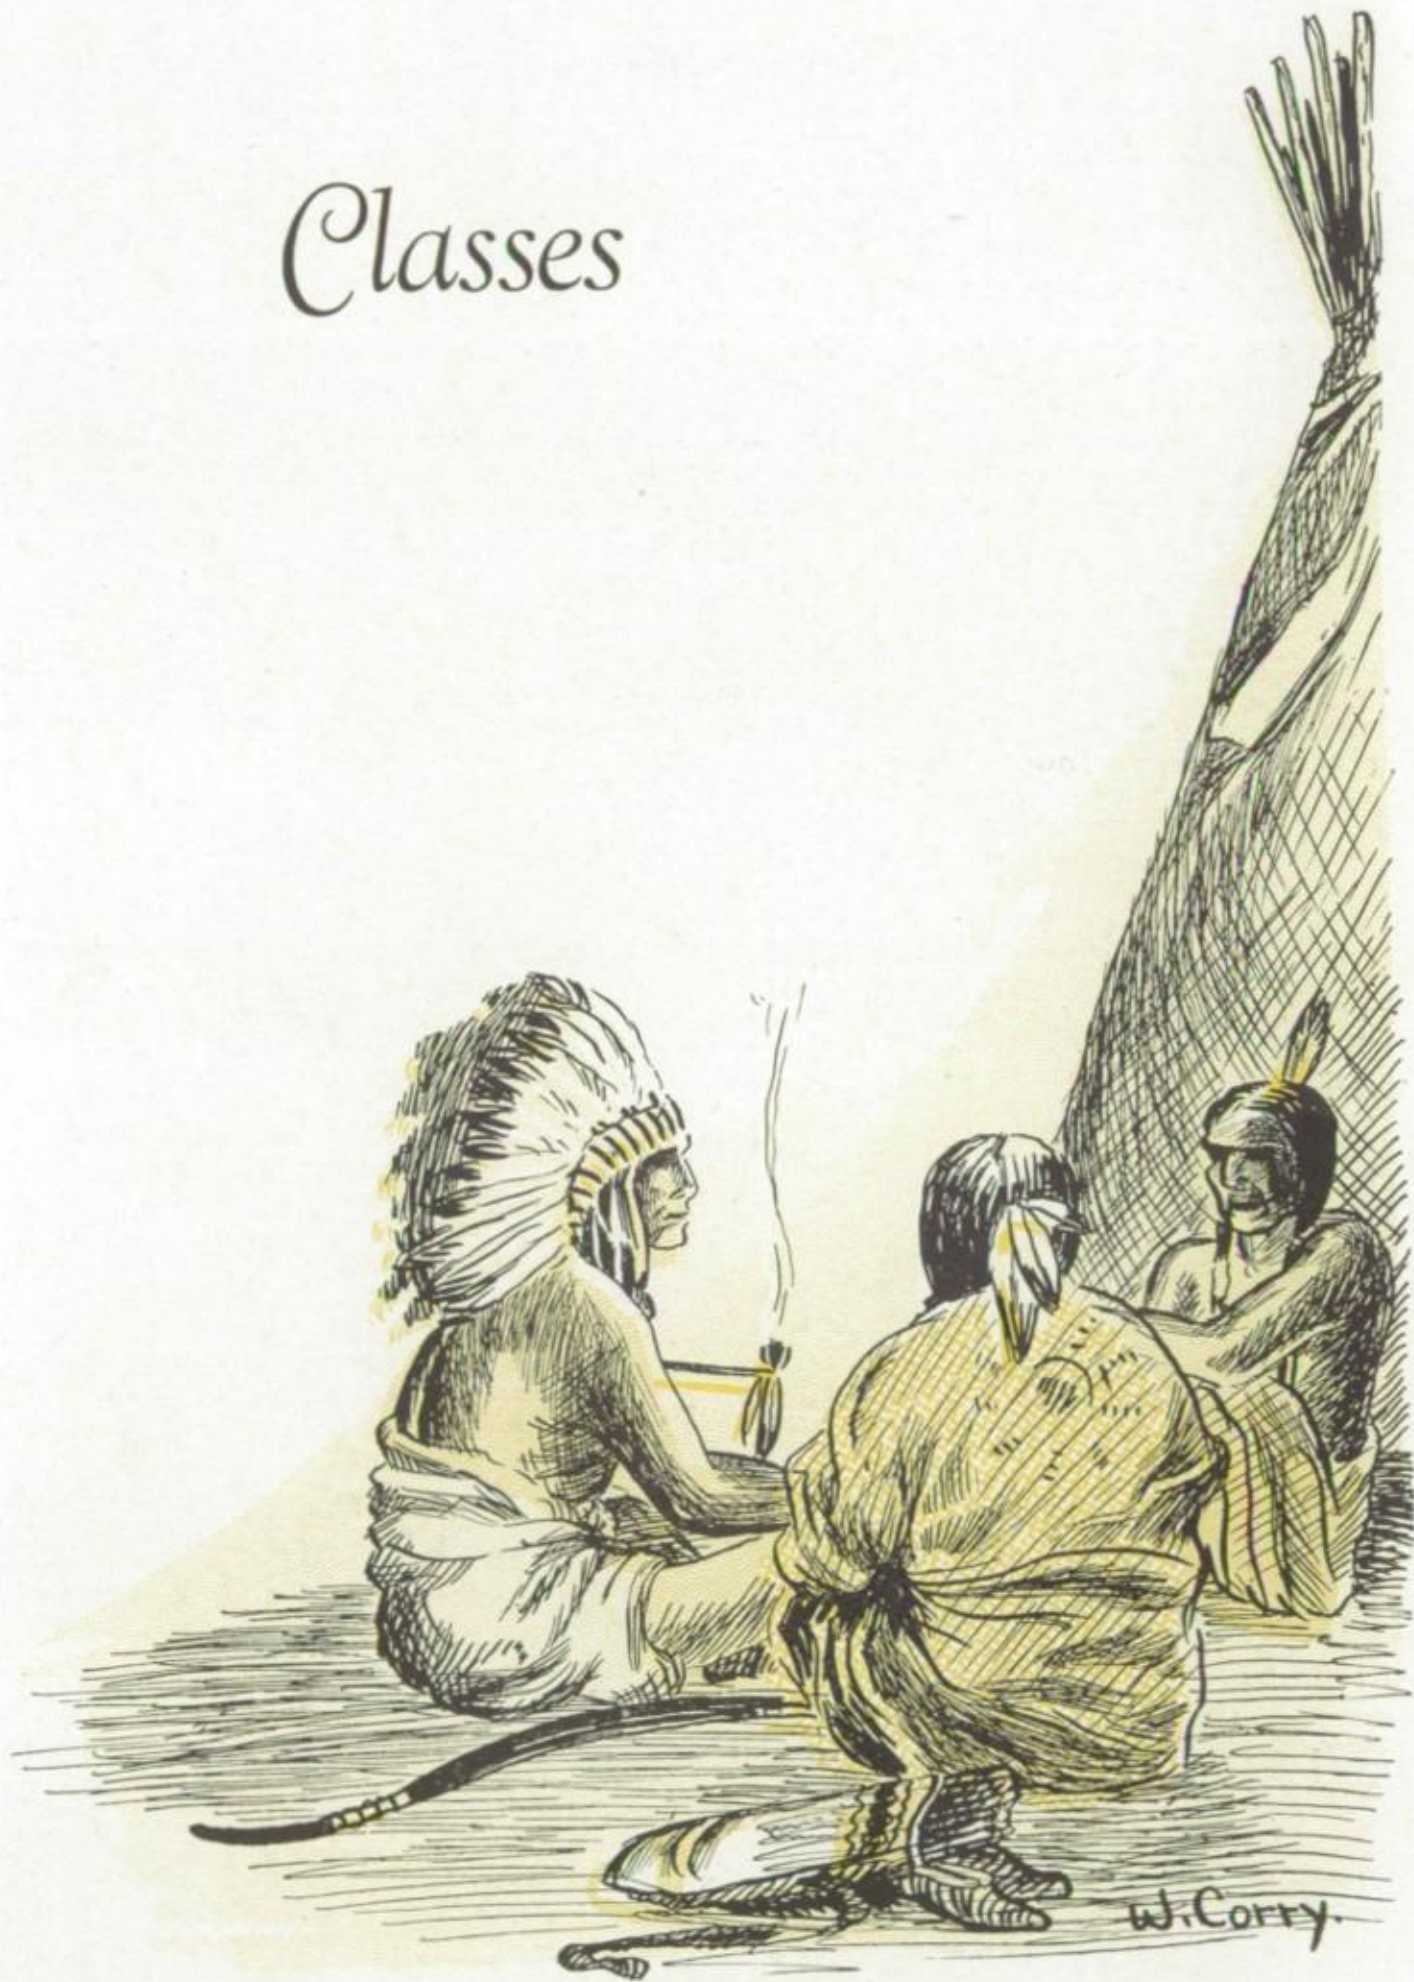

In the early part of 1924 it became apparent that Tech High had again outgrown her buildings. Annex after annex had been added, portables had been built, and still Tech High grew. So in the fall of 1924 Tech High was moved to its modern up-to-date building on Park Way Drive.

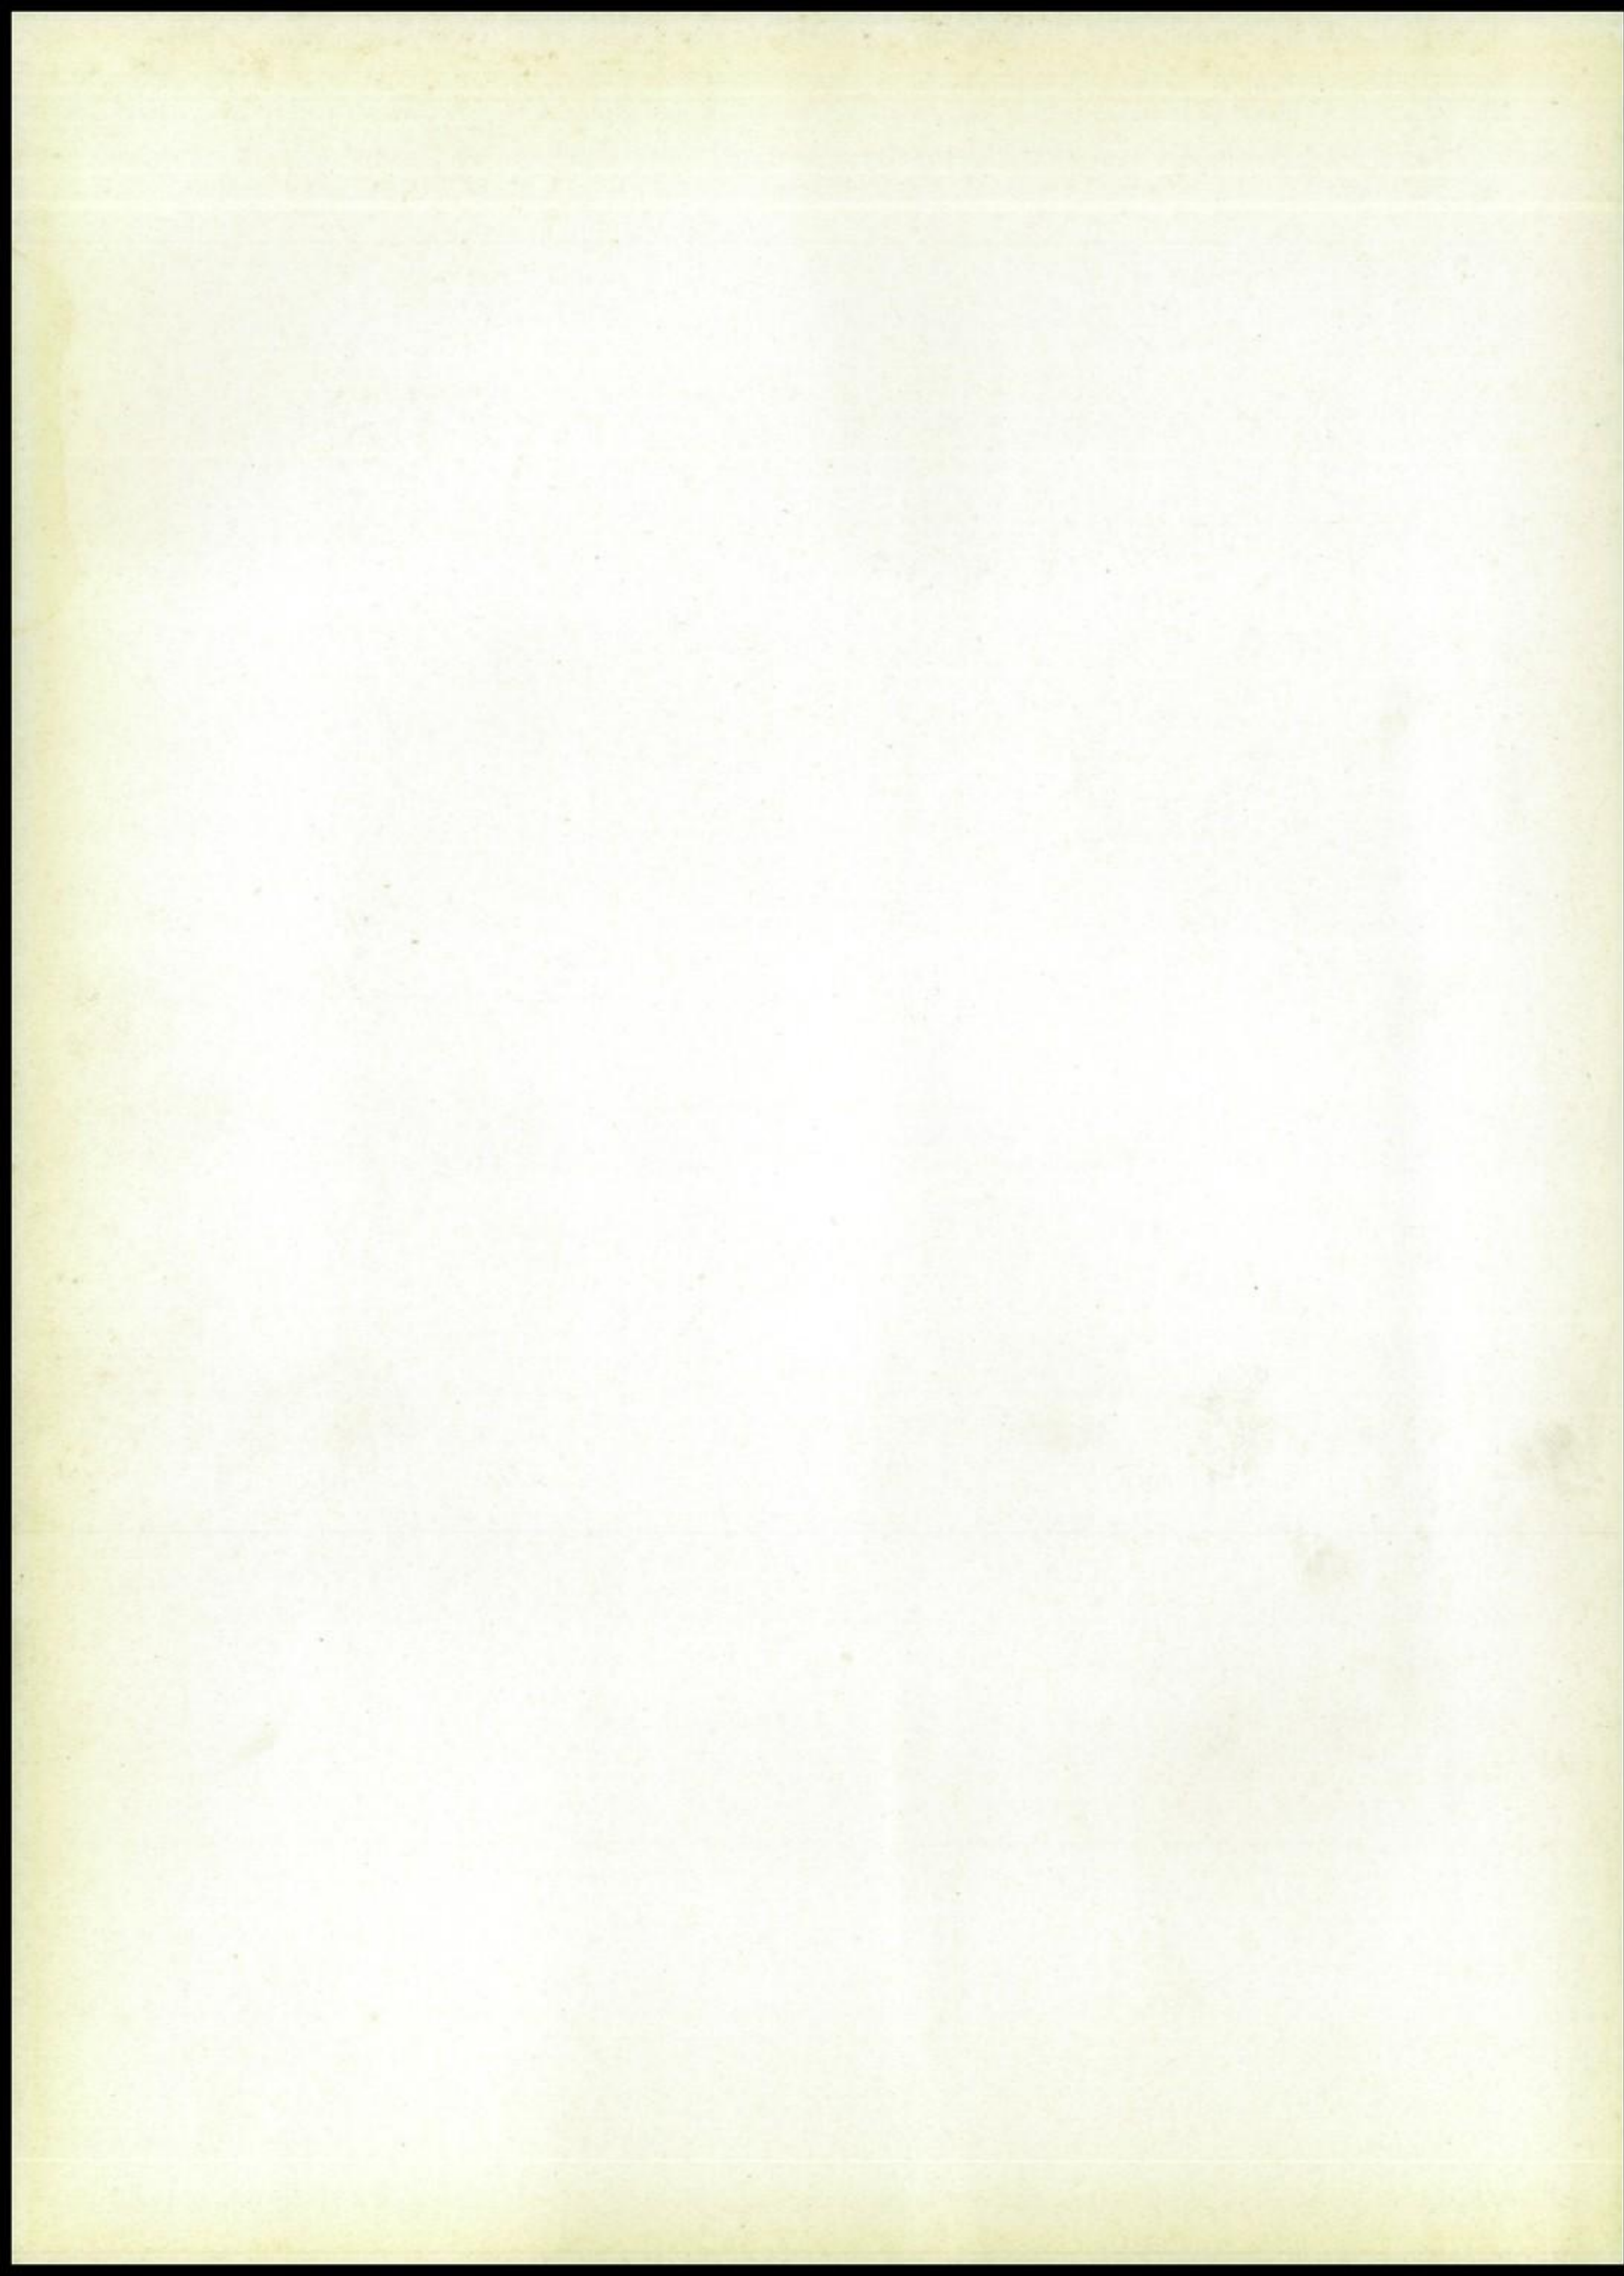

In the new building are found the most modern machinery, tools, and other accommodations for learning practically any technical trade. Buildings for military instruction have been added, and a fine athletic field resulted from the enthusiastic efforts of Mr. Cheney. Bookkeeping and radio classes have been added recently.

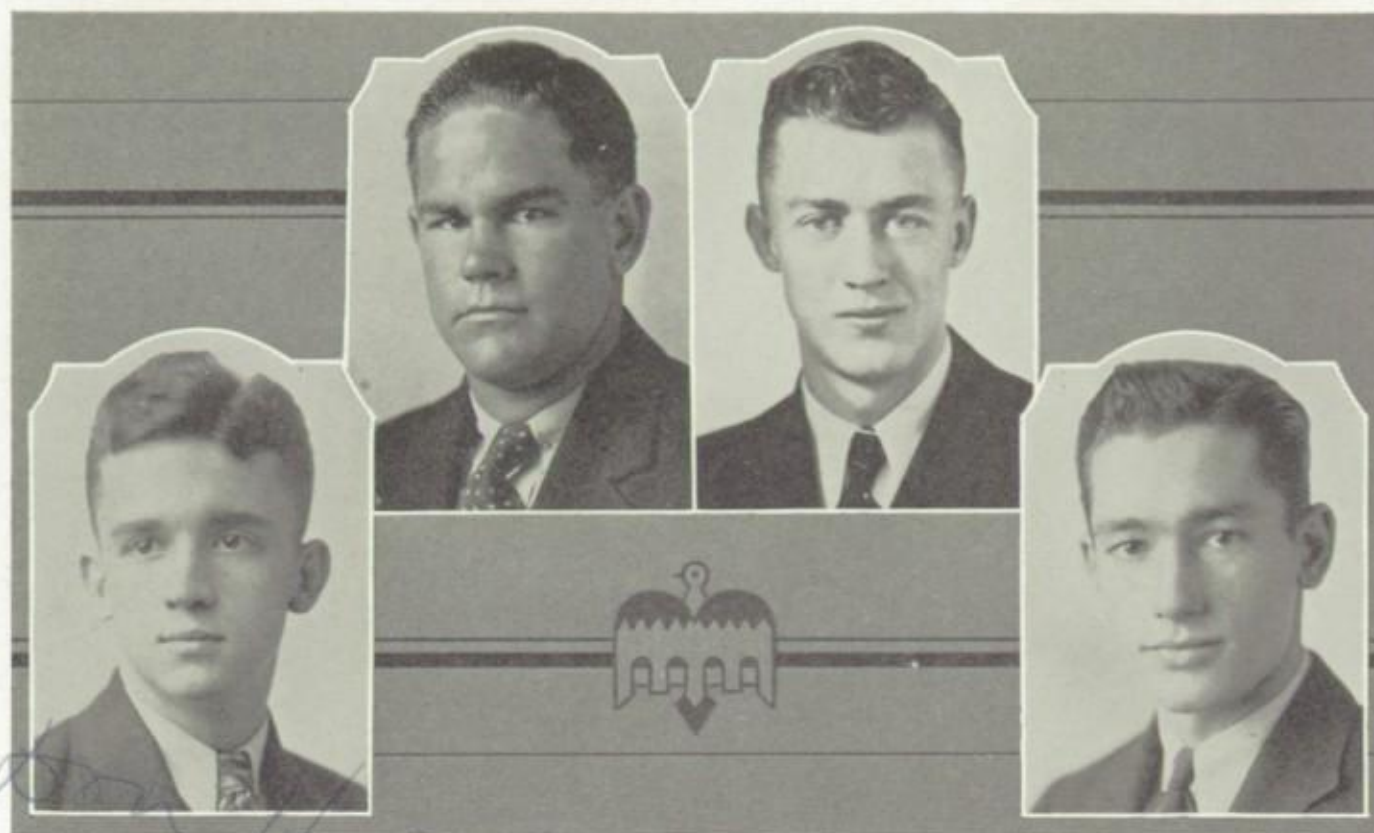

Tech High's growth and success might be summed up in one word, "SPIRIT". Smithy Spirit, the kind that made Tech High and the old Smithies what they are today, and the kind that will help us wage the battle of life.

Mr. Cheney's Letter to Seniors

Boys of '32:

You have received from the City of Atlanta twelve or thirteen years of free instruction. The city has made a big investment in your education. See to it that it is a true investment, that a satisfactory dividend is declared from year to year.

Your parents, your friends, and Tech High have a right to expect much from you since you have received so much from the city. If you go to college, you must not fail—you must pass, and creditably. You cannot count the cost of failure.

I trust that among other lessons you have learned the lesson of co-operation and of team work. I trust that you have also learned to make people like you. I trust that your characters have so developed that you can be depended on at all times to do what is right and not what is expedient.

Each member of the class has my best wishes for his success and happiness.

Sincerely yours,
W. O. CHENEY.

JAMES BYRON ADAMS
 Bass "Buddy"
DeMolay and Horned Toad

Class Secretary and Treasurer; Class Basketball. Track; Smithy Senate.
 To be efficiency expert and to study at Georgia Tech.

JAMES MARION ALFORD
 Joe Brown "Al"

Sergeant-1; Boxing; Rainbow Correspondent—1, 2, 3; Class Basketball. Track.
 To be Electrician.

GEORGE LEWIS AMOS
 Hoke Smith "Andy"

Freshman Sergeant; Rainbow Correspondent—2.
 To enter Business World.

EDWARD HALE ANDREWS
 Bass "Andy"
Sigma Gamma

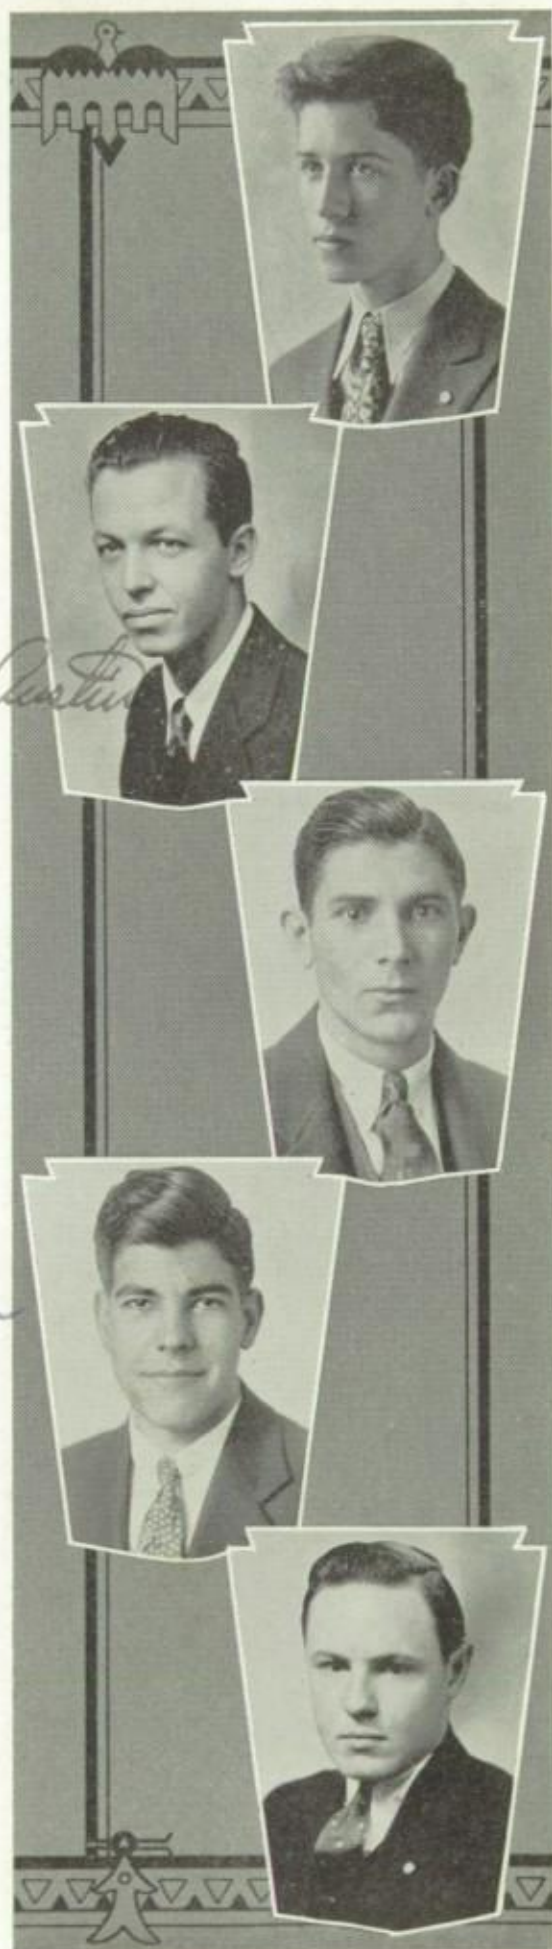

Military—1, 2. Rainbow Correspondent.
 To study Aviation.

HOWARD LEONARD APPERSON
 Lake Wales "Ap"
Horned Toad

Sutton Literary Society—2; Rainbow Staff—2; Smithy Senate—2; Military.
 To enter Georgia Tech and study Aeronautics.

Geo Amos

Arch Austin

Emmett Barlow

H. H. ASHMORE
Bass "Ash"
Horned Toad
Rainbow Correspondent; Class Leader.
To enter Georgia Tech.

ARCH AVARY AUSTIN
Hoke Smith "A3"
Sigma Gamma
Hi-Y-1, 2, 3; Vice President—2; Secretary—1; Culver—1, 2, 3; Corporal—1; Football—1, 2, 3; Swimming; Class Leader—1, 2, 3; Advertising Manager Tehisean—3; Class Track, Basketball.
To enter Naval Academy and study Engineering.

FRANK BLALOCK BALDWIN, JR.
Monroe A. and M. "Skipper"
Band—1, 2; Color Sergeant—1; Class Leader; Rainbow Correspondent; Class Track.
To enter General Electrical School.

EMMETT LEE BARLOW
Bass "E. L."
Lamda Mu Epsilon
Sutton Literary Society—3, Vice President—3; Chemistry Club; Honor Roll—1, 2, 3; Debater Annual Exercises—3; Band—1, 2, 3; Supply Sergeant; Sutton Aide; Associate Editor Purpura Y Oro; Managing Editor Tehisean; Band Minstrel.
To study Chemistry at Emory.

HARRY WADE BARNES
Hoke Smith "Fuzzy"
Horned Toad
Cross Hi-Y; Honor Roll—1; Smithy Senate; Star Company—1, 2; Sergeant Company A; Secretary Cross Hi-Y.
To matriculate at Georgia Tech.

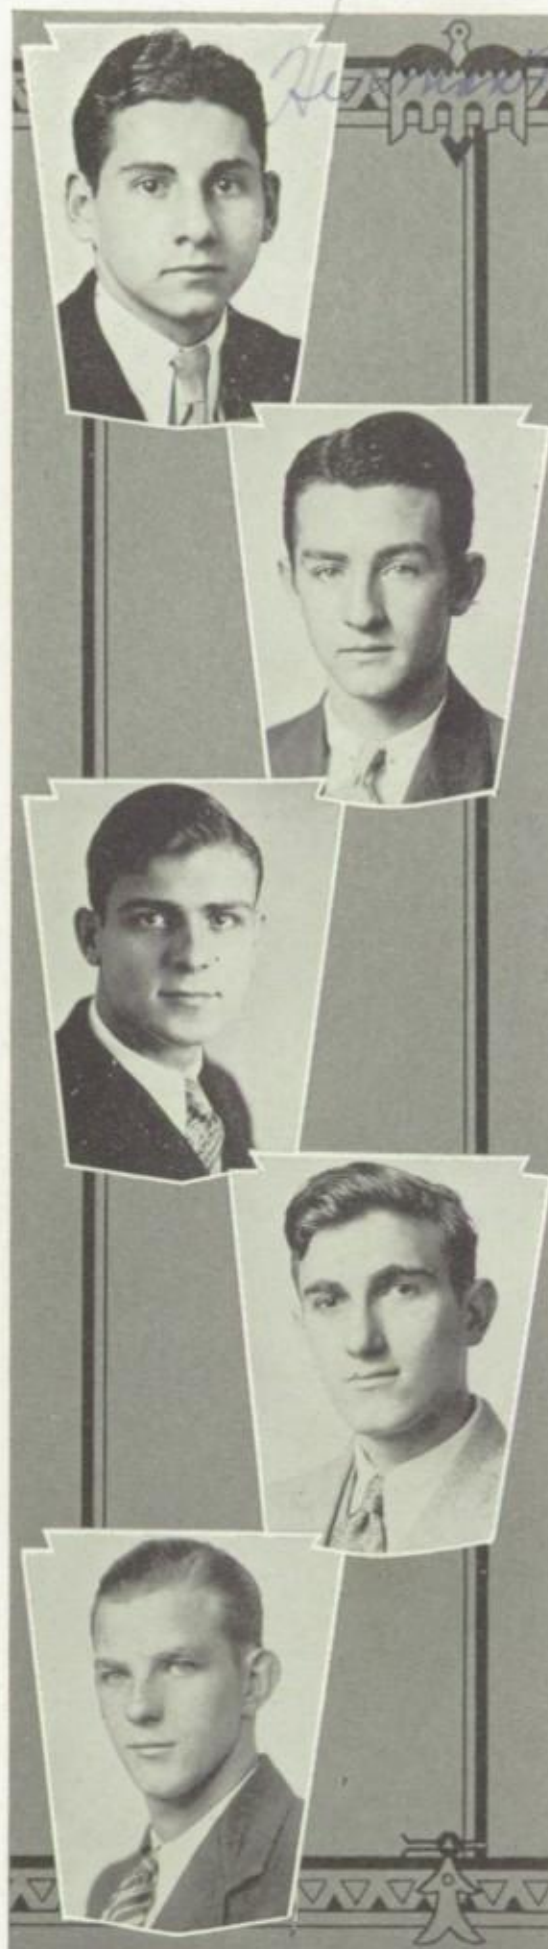

HERMAN BARNETT
Hoke Smith "Hinky"
Honor Roll.
To study Commerce at Georgia Tech.

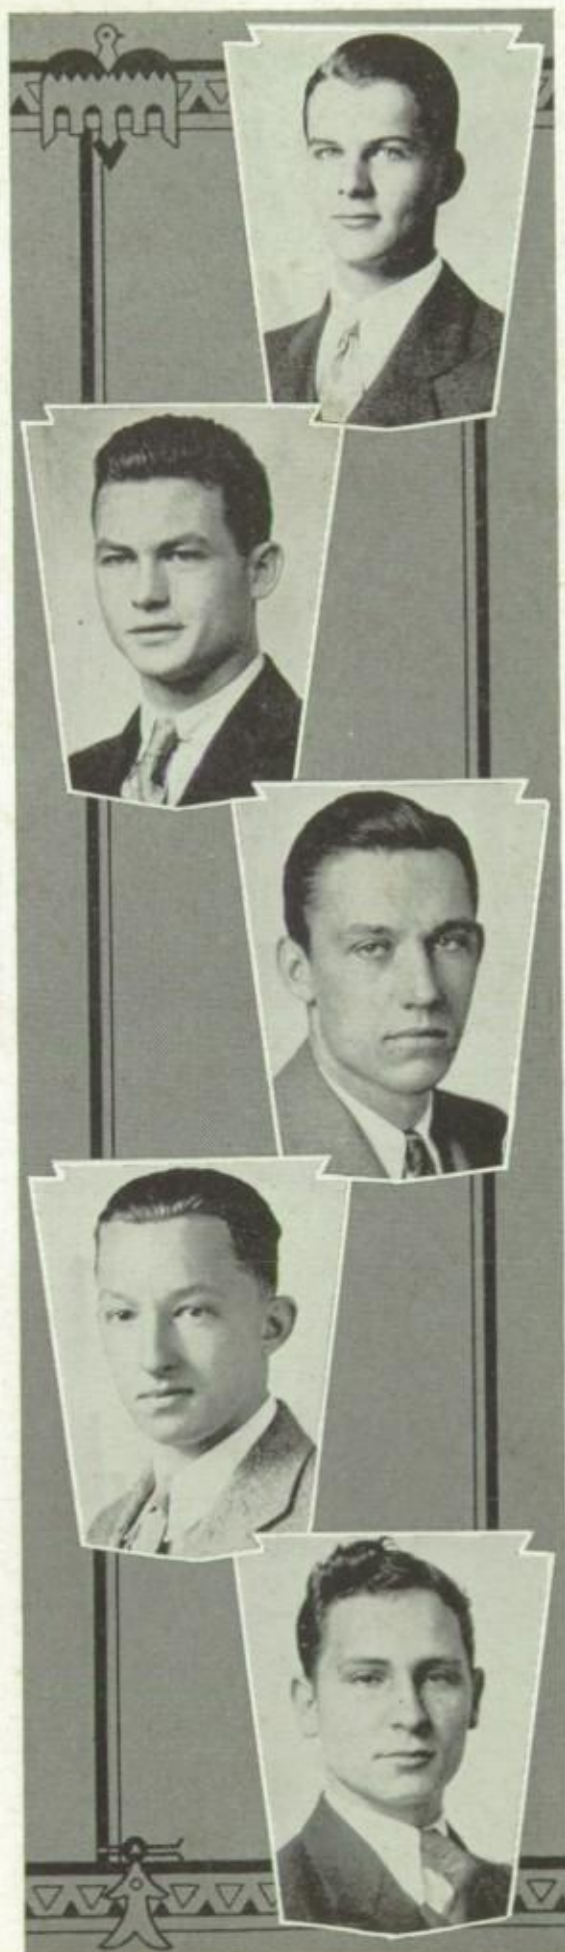

ROBERT BARRETT
Bass "Bob"
Horned Toad
Rainbow Correspondent; Class Leader.
To enter Georgia.

BYRON CLEVELAND BEARD
Marietta Hi "By"
Culver Literary Society; Football—1, 2, 3;
Class Leader—1, 2, 3; Purpura Y Oro; Class
Basketball, Track.
To study Medicine at Vanderbilt.

MORRIS BERMAN
Bass "Tubby"
Honor Roll—3; Military; Class Leader.
To be Chemist and to study at Georgia
Tech.

ALFRED JASPER BENDER, JR.
Joe E. Brown "Dutch"
Sutton Literary Society; Football—1, 2, 3;
Class Basketball; Track.
To be Doctor and study at Emory.

Glenn Bottoms

THOMAS EUGENE BLACKBURN
Joe Brown "Gene"
Sigma Gamma

Triangle Hi-Y; G'ee Club—3; Smithy Senate; Chemistry Club; Honor Roll; Cheer Leader—3; Class Leader—2; Sutton Aide, 2; Rainbow Correspondent; Class Secretary; Basketball; Track.

To study Aeronautical Engineering at Georgia Tech.

Kappa Delta Kappa

Horned Toad; Swimming Team—2, 3, 3; Captain—3; Varsity Track—2, 3; Football—2, 3; Sutton Aide—2, 3; Rainbow Correspondent—1, 2; Class Basketball; Track.

To enter University of Alabama.

GEORGE FREDERICK BRITT
Newport News High "George"

To enter Georgia Tech and study Aeronautical Engineering.

IRA GLENN BOTTOMS
O'Keefe "Topsy-Iry"

2nd Lieutenant—3; Rifle Team; Class Leader; Class Track and Basketball.

To study Commerce at Georgia Tech.

AUBREY MARION BOTTOMS
O'Keefe "Big Bott"
Chemistry Club; Rainbow Staff; Track
Team; Captain of Track Team.
To enter Tech and study Commerce.

OLIVER HARRIS BRADBURY
O'Keefe "Brad"
Rainbow Correspondent—2; Purpura y Oro
—2; Class Basketball and Track.
To enter Business World.

JOSEPH EMORY BRADFELD
Bass "Red"
L. M. E.
Football; Class leader; Sutton Aide; Asst.
Business Manager Tehisean—2.
To study Engineering at Georgia Tech.

THOMAS BRISCOE
Hoke Smith "Tom"
Military—1, 2; Rainbow Correspondent.
To enter Business World.

JOHN JOFFRE BROCK
O'Keefe "Jockey"
Horned Toad
Honor Roll—2, 3; First Sergeant—3; Sut-
ton Aide Purpura y Oro—2; Class Basket-
ball—3.
To become a Cartoonist.

JIM MONGIN BURT

Bass

"Mongee"

Corporal—1, 2; Rainbow Correspondent.
To enter Business World.

GAY HARTWELL BUTLER

Bass

"Mighty"

Kappa Delta Kappa

Culver—1; Class Leader; Class Basketball.
To enter Oglethorpe and study Construction.

JOHN CALLOWAY

Hoke Smith

"Johnie"

Horned Toad

1st Lieutenant in Band; Rainbow Correspondent.
To enter Georgia.

ROBERT CURRELL CARMICHAEL

Joe E. Brown

"Bob"

Horned Toad

Culver Literary Society; Cross Hi-Y; Class Leader; Rainbow Correspondent.
To study Engineering at Duke.

WILLIAM PAUL CARPENTER

Bass

"Bill"

Honor Roll; Glee Club—2; Military—1, 2.
To enter Tech.

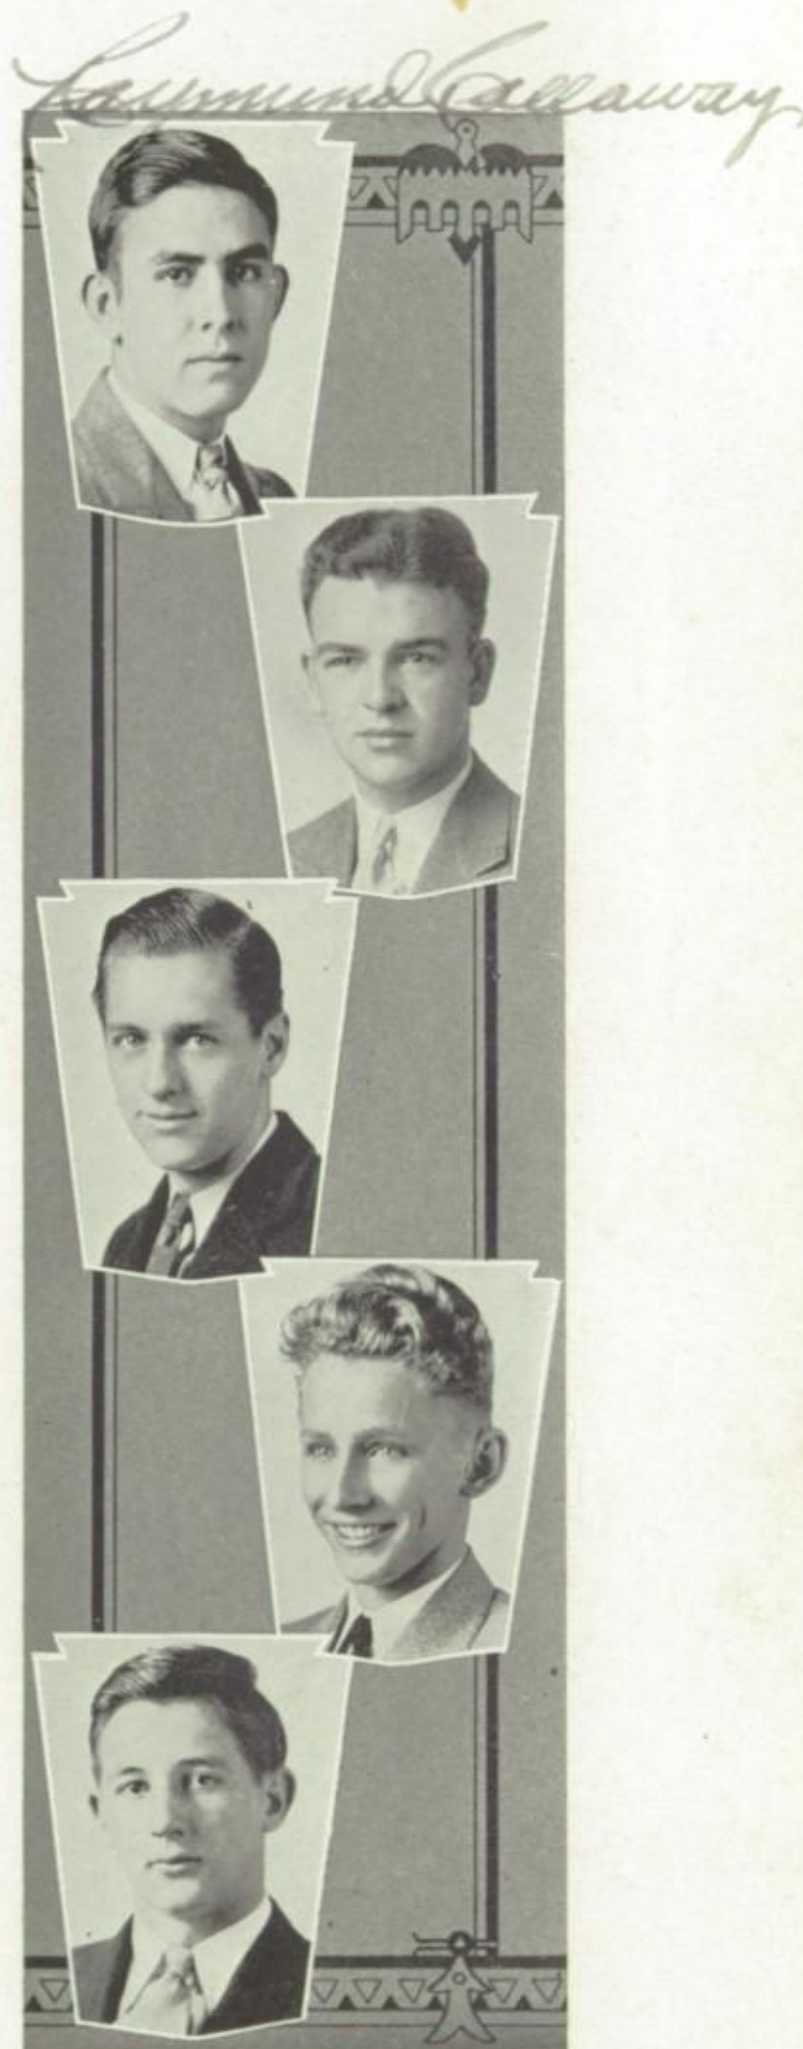

RAYMOND CALLOWAY
Hoke Smith "Cal"
Horned Toad
Rainbow Correspondent; Class Leader.
To enter College.

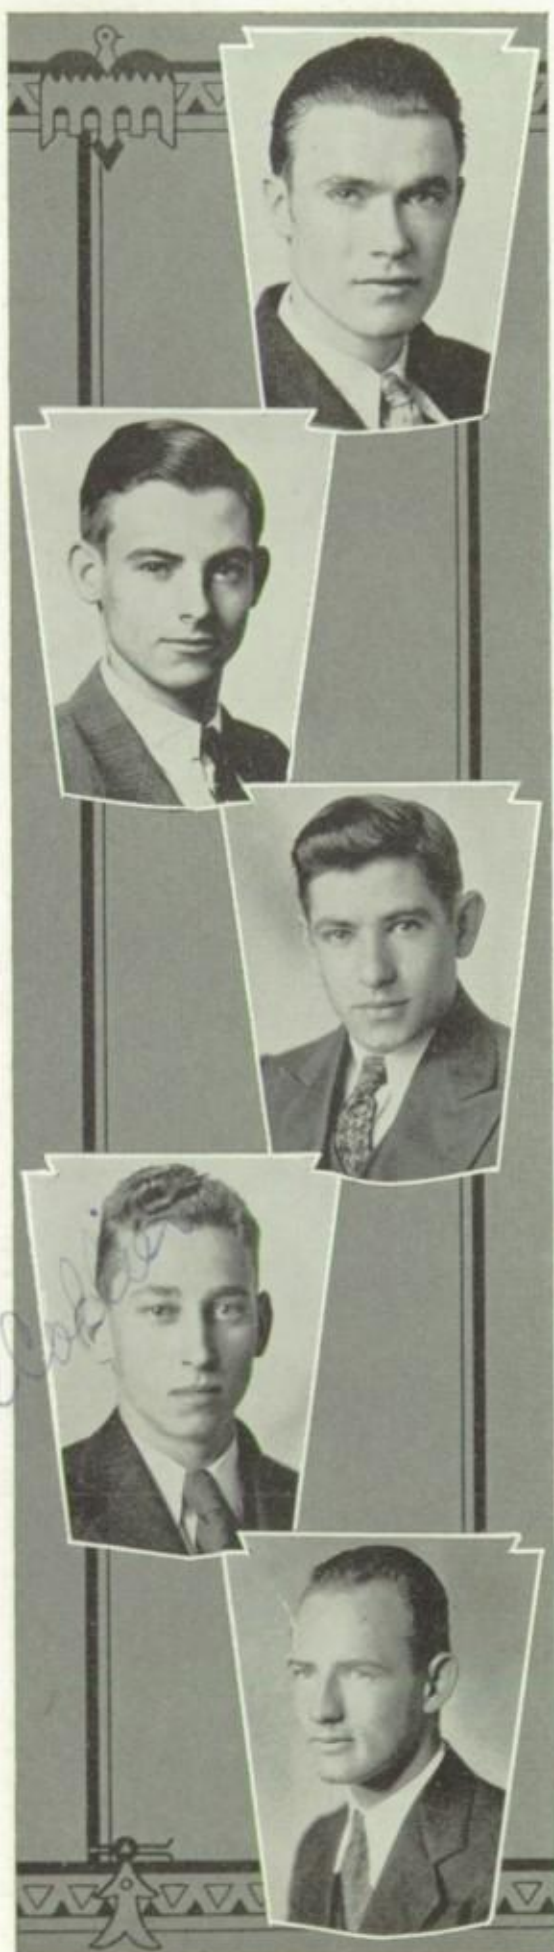

CHARLES FLEMING CHASTAIN
Hoke Smith "Noo-Noo"
Band—1, 2, 3; Class Leader; Rainbow Correspondent; Class Basketball and Relay.
To become Public Accountant.

CHARLES CHEWNING
Hoke Smith "Charlie"
To study science at Georgia.

JACK HOLMAN CLARK
Hoke Smith "Jack"
To enter United States Army Air Service.

LAWRENCE CLARK
O'Keefe "Potter"
Horned Toad
Military—1, 2, 3.
To become Commercial Artist.

WILLIAM CALDWELL CLARK

Hoke Smith "Pete"

Military—1, 2, 3; Rifle Team; Class Basketball and Relay.

To enter Georgia Tech and study Engineering.

JOHN DOUGLAS COCKING

Joe Brown "Doug"
Horned Toad

Military-Platoon Sergeant; Track; Football, 3rd Team; Class Relay; Tech High Minstrel—3.

To enter Georgia Tech and study Engineering.

JOSEPH MEYER COHEN

Hoke Smith "Knocker"

Honor Roll—1; Military—1; Class Basketball.

To study Commerce at Tech.

FRANK MARION COLLIER

Smyrna High "Big Shot"
Horned Toad

Tennis—1; Military—1; Class Leader.

To enter Georgia Tech and study Commerce.

Senior Class History

By THOMAS B. MANNING

WRITING a history dealing with living characters is a thankless task and a dangerous job, for it is obviously impossible to please everybody. Please bear in mind that we did not apply for this job: we were condemned by a heartless Senior Class to do the chore, so here 'tis!!!

We have tried conscientiously not to hurt nor to offend anyone and, should anyone feel the least bit ruffled, we stand squarely behind old Diedrich Knickerbocker with his: "If he is so ingenious in finding offense where none is intended, it were a thousand pities he should not be suffered to enjoy the benefits of his discovery."

For three years, now, we have been specializing in athletics, assorted mischiefs, and what-not. For three luxurious, dreamy years, we have been acquiring an education by accident and now the joke is on us, because we are only just now perceiving that a high school education only gives us a clue to what we wish to make of our life-patterns; that it is the Alpha of an education and not the Omega!

However, our three years have not been wasted. This graduating class of 1932 goes forth to fight its battle with life well armed with the finest of bucklers and shields, viz.: brave minds and strong bodies, and, flashing in its polished scabbard is the two-edged sword of the faculty's excellent tutelage.

Let us examine the historical record of the class in the cold light of actual happenings. As a whole, the Class of 1932 has made one of the finest scholastic records in Tech High history. The honor men in the Senior Class are so numerous that they have to wear buttons for identification, and to keep them from bragging to each other.

In the realm of Athletics, activity was intense. The Basketball Team of 1932 won the Big Four and the City Prep Championships. At the Washington & Lee Invitation Tournament, they lasted until the semi-finals.

The Baseball Team of 1931 won the Big Four, City Prep and State Prep Championships and inaugurated night baseball among prep teams at Spiller's Field against Columbus Industrial School.

The Track Team of 1931 was honored by the presence of the phenomenal quartette of "Winnie" Morrison, "Pinky" Moore, "Tobie" Flatau and Walter Oakes, which set a new national prep record for relay teams at Chicago during June of last year. This relay team, with Jarrell replacing Moore, broke its own national record in the spring of 1932 at the Tulane Invitation Meet at New Orleans.

Boxing was inaugurated at Tech High during the spring of 1930. The team was coached by M. C. Bishop, who is now a coach at Douglasville High School, but he has been ably succeeded by E. L. Shepherd, who has produced a remarkable set of bat-tlers. Tech High had the *first* prep boxing team in Georgia, and in 1932, it had the *best* boxing team in Georgia.

The first aviation shop class of any prep school in the state was opened at Tech High during the fall of 1931 and it is producing excellent material for such schools as the Guggenheim Foundation at Georgia Tech.

Telling on the '32 Alumni

Found in the files of Don Hunter's 1947 Darktown Gazette by Joe Hilley.

FROM Bill Finch I received the following: "I am now engaged in writing radio plays for WXYZ, a vocation which has proved very profitable. I have been married four times and am the proud father of ten fine girls."

Bruce Morgan: "You will be interested to know that I have secured a partnership with Pete Moore, Jack Bog'e, and Bob Friddell, Inc., makers of the nationally famous Gigolo Robots, so much in demand by the feminine sex."

Cone Maddox: "Have just returned from Europe where I have been for the last five years. My invention by which I increase the speed of Chevrolet to two hundred miles per hour, left me on "easy street".

W. H. Dodson: "Just finished my third book entitled "Sue 'em Suzy", and will send you a copy as soon as it is off the press." I was nobly assisted by my secretary, Mike Carmichael."

Sid Scarborough: "My pal, Harold Scott, and I have just received a raise in salary from the Brooklyn Cobras. We are now drawing two hundred thousand per. "I expect to hammer out fifty-five circuits next year."

Jack Hooks: "As president of Grantland University, I advocate three per cent beer in all universities and colleges throughout the United States. I have two old class-mates on my faculty, Harold Ellison and Jeff Dabney."

Jimmy Henderson: "As Major-General in charge of the United States troops in Alaska, I wish to report that conditions are quieting down somewhat here. Two of my old officers are here with me, Colonel B. B. White and Colonel Stokes Tomlin."

Harry Fotou: "Have a very good job as chief engineer at Park's Automobile Factory. Be sure to watch for the new thirty-two cylinder Baby Bloop, body by Fish-hooks McCutcheon."

Avery Austin: "I control the stock of the Suckers Film Corp. I will make five new pictures as soon as possible, starring myself. Among my actors are Tom Manning, in the role of the hero and lover; Gus Wofford, the villain; and Ellis Barrett, extra."

Walter Oakes: "Just finished my ninth season as an Olympic star. Am planning to retire and go into the fish business with Sam Dettlebach. Prospects are extremely bright."

Arthur Massar: "Just discovered a quick cure for cancer, and am rushing plans with my chief architect, John McFadden, for the construction of a million dollar sanitorium."

Jake Michaux: "I have taken over the interests of WOOF, exclusive television station, and expect to hurriedly establish a chain of them."

Bob Morris: "My new dance palace, the Fairyland, was opened last week. Among the famous personages attending was Joe Richardson, noted radio columnist; the two Calloway brothers, famous vaudeville pair; and Gene Blackburn, noted nightclub owner."

Ed Copeland: "Just made my third non-stop flight around the world. I expect to take Robert Hammond with me on my next trip."

Alex's Physik Phanatics

Leader, HOWARD RINN

Official, DUTCH BENDER

WE are very happy to say that in our class this semester there have been some prominent boys. In athletics, we were represented by Bender, Morris and Wilson. The first two of the gridiron and the latter a basketball and golf star.

Other activities of the school were represented by Dabney, an officer in the R. O. T. C., Rinn, Rosser, and Krugman in the band and by Harris in the Glee Club. Also the never-to-be-forgotten Hobo Biscuit Seller, Linton Pounds, is one of the Phanatics.

The Press Riders

President, W. B. KECKLEY

Sutton Aide, R. H. SULLIVAN

THIS class is one of the finest classes in school, although small in number, it is large in spirit.

Our class is very popular, due to our Basketball Team, Glee Club, and Horned Toad Club. We are under the supervision of Mr. Alleyn, a friend of everyone.

The class officers were selected from some of the most popular students. They are W. B. Beckey, President; R. A. Whitworth, Vice-President; R. H. Sullivan, Sutton Aide, and Frank McDaniel, Rainbow Correspondent.

H. B. Baldridge

Baldridge's Beau Hunks

Leader, JAMES WELMAR

Sutton Aide, MELVIN WELLS

REGARDLESS of the name of the class we were a fairly good bunch of boys. Our main topic for discussion every day was geometry. Our favorite pastime was trying to find a proposition in the book that J. L. Welmar could not work. He was the geometry shark of the class and even up until the last day Mr. Baldridge did not find a proposition too hard for him.

Leader, JACK McWILLIAMS

Official, HARRY MAYOR

OUR class of thirty-two boys has enjoyed a year under a real Tech High teacher with the real Tech High spirit, Mr. E. L. Barlow, who has been with Tech High for 15 years.

When we entered Mr. Barlow's Class we were all innocent of knowing any Spanish or an over amount of English, but we have made much progress in these lines during the year because of having a man such as he. Our attendance has been good as a whole.

Bigham's Big Hams

Leader, TOM JOHNSON

Asst. Leader, RAY JOHNSON

THE Big Hams are just a bunch of boys under the direction of Mr. Bigham, our Algebra teacher.

Our officers are: Tom Johnson, Leader; Ray Johnson, Assistant Leader; William Norris, Rainbow Correspondent, and John Rogers, Official. With such a bunch of officers as these, no wonder the Big Hams are such an outstanding class around Tech High.

We also have in our midst the president of the newly formed Chemistry Club, Harry Brice, and none other than Jim Reynolds. Has this boy brains? Ask him.

Boyd's Boys

Leader, BYRON CLAPP

Secretary, EUGENE McGEE

OUR class is made up of graduates from the junior high schools, and we are looking forward to three advantageous years at Tech High.

We think that our teacher, Mr. J. F. Boyd, is the best in school. He teaches French, but it is easy to learn under his leadership.

The class elected Byron Clapp as Class Leader and he has proven himself capable of handling the class. Neil Hopkins was given the task of Rainbow Correspondent. Eugene McGee is Secretary, and Milton Campbell was named as an Official.

Brown's Assets

Leader, ED. COPELAND

Sutton Aide, MARION NUNAN

THE Assets had a successful year with every member of the class making a passing grade in bookkeeping. With the motto, "Make 'em balance", the Assets rarely had books off. If they were, the motto was applied and immediately they were balanced again.

With Ed. Copeland as the class leader and Marion Nunan the Sutton Aide, the Assets led the school in bull shooting, scholarship and bookkeeping.

Capps' Comma Cadets

Leader, JIMMY STUDDAND

Sutton Aide, PAT MOSELEY

THIS is a class of Roaring Lions; when they scent blood, you can't stop them. Maybe you don't know which class this is; well, this is Mr. S. T. Capps' home room, and what a class! Many interesting things have been done inside these walls. Some of us have learned much while others have learned very little, but all have benefited by the class this fall.

We have enjoyed having Mr. Capps for our teacher and hope to have him again.

Cheney's Wood Savers

President, SCOTT APPLEBY

Sutton Aide, CHARLES OAKES

THE first period class in Lathe Shop has progressed well under Mr. Cheney, who is a very worthy teacher. During the first quarter, our assignment was to make some project. We were to find some piece of furniture that had some lathe works about it in a magazine or draw it ourselves.

Some of the boys made tables, some lamps, some smoking stands, and many other things.

Scott Appleby was elected Class Leader; Albion Roberts, Rainbow Correspondent.

Stan Laurel's Comedians

Leader, J. C. DAVEY

Sutton Aide, JAKE MITCHEL

NO one can really appreciate our class name until you have seen the teacher and the class.

Mr. Cox favors Mr. Stan Laurel, of movie fame, so much, that the boys choose the name as the most fitting.

We have several boys such as: Millsap, Harbour, Babb, and Robins, who complete the rest of the name, Comedians.

The class is also well represented in other fields as well. We have several boys in activities such as: Rainbow, Tehisean, Football, and Military.

STOKES TOMLIN (Correspondent).

Dennard's Historians

President, VERNON SCREWS

Sutton Aide, Edgar York

THE Historians were composed of 32 boys, mostly of the Junior Class but some Seniors were included in our roster. The class was studying History 6 which is early world history. Under Mr. D. S. Dennard, the instructor, the course was a success and all who passed were benefited.

Dominick's Seniors

President, AVARY AUSTIN

Treasurer, CLAUDE IVEY

OUR class has been ably supervised by the class leader and president, Avery Austin. He has filled his responsible post, up to the very letter as far as attending meetings and other duties of the president.

Our Treasurer, Claude Ivey, although not being needed to any great extent, (the class being broke all the time), would have filled his place just as ably, if the need had arisen. Also our Rainbow Correspondent, Ralph Ivy, has been up to the minute in giving out write-ups about the class and its activities.

The class as a whole has been one of co-operation. It has shown its willingness to help the school in many ways. Throughout the half year that we have been together, there has been a spirit of support and good fellowship prevailing.

Gaertner's Geeks

M. A. Gaertner

President, PETE MOORE

Sutton Aide, LESTER NORTON

IN Room 304 every morning, assembled a most peculiar looking bunch of people ever together in a room. In fact it almost looked like a circus side show. The most extraordinary thing about it was that these geeks struggled over formulas and the like which didn't mean a thing more than a half unit to most of them.

Well, when the semester ended some of these geeks graduated and by June, all the rest will but one. This one apparently knew more Chemistry than the rest but for some reason, he will never graduate. He is doomed to Chemistry at Tech High for the rest of his days. This man is M. A. Gaertner, the teacher.

Hogan's Irishmen

Leader, CRENSHAW BONNER

Sutton Aide, CHARLES SOCKWELL

THE class of 1931-32 proved itself to be an exceptionally good one. We began with the ambition to win the prize for the least subject failures of any class in the school.

Each student worked hard, and our teacher gave his co-operation and encouragement to win the prize. As a result we were successful in winning the victory, which was a great honor to our class.

Early in the year we elected the following class officers: Crenshaw Bonner, Class Leader; Charles Sockwell, Sutton Aide; Jim Burt, Rainbow Correspondent; Ralph Garrard, Official. These officers proved to be very efficient.

Holley's Bookkeeping Sharks

President, W. C. COOPER

Sutton Aide, W. E. DUNCAN

At the beginning of the year we, Holley's Bookkeeping Sharks, assembled in Room 208, on the second floor.

The first thing we did was to partake of some bookkeeping and then to put it into practice. Under the supervision of our teacher, Mr. E. R. Holley, we have learned quite a bit about keeping books.

The class officers for the year were: W. C. Cooper, President; W. E. Duncan, Sutton Aide; O. M. Hardage, Treasurer; Jack Cornelius, Official; A. C. Frazier, Rainbow Correspondent.

Albert's Ardent Artists

Leader, LOREN OWEN

Sutton Aide, WALTER CORRY

THIS class is what is commonly known as "Real Class" as we have several social satellites among our ranks, as well as students.

The purpose of this class is to learn something about art, although you would not think so if you ever heard some of the conversations carried on during class. You can see, however, that some of us have learned something, when you look at the illustrations in this annual that were done by members of our class.

Kopf's Chemists

Leader, BILL STREET

Sutton Aide, W. H. COOK

THE Chemists have a well organized class and an excellent instructor. These qualifications tend to make the Chemists one of the outstanding classes in Tech High. Our officers are: Class Leader, Bill Street; Sutton Aide, W. H. Cook; Official, J. L. Gilstrap, and Rainbow Correspondent, W. B. Flaherty.

We have some outstanding personages in our class, the more important ones being Bill Street, the captain of our Football Team which has made such a remarkable record this season, and "Doctor" Stovall of Horned Toad fame. We also have several members of the Chemistry Club, a recently organized club for the advancement of Chemistry in Tech High.

Lockwood's Wood Butchers

Leader, GEORGE MILLS

Sutton Aide, P. A. CRUNKLETON

LOCKWOOD'S Wood Butchers meet in their market Room 11 every morning at 8:30, and under the direction of Head Butcher Lockwood we cut and slice wood until 10 o'clock.

The first thing we made was a tie holder designed by Mr. Lockwood. Next we made some fancy wall shelves. Some of the butchers made desks, telephone tables, cedar chests, tables, coffee tables, Chippendale stands, book-cases.

Mr. Mac's Class

President, J. E. ATKINS

Sutton Aide, JAMES BROOKS

THIS large class of '34 pupils assembled every morning under the direction of Mr. W. F. McGlamery, to learn about what our ancestors did or did not do. It was one of the best history classes in school, and that's not exaggerated.

The class was well represented in all phases of school life, having representatives in most activities in this school.

McGlothlin's Half Pints

Leader, RICHARD NEILL

Official, G. McCULLOUGH

OUR class is composed almost entirely of freshmen who came from the junior highs last fall. Every junior high in Atlanta is represented in our class. As we are freshmen we do not know many of the schools' traditions, but we are willing to learn them. We have not been doing as well in our studies as we should, but we are going to make up for it in the future. We are going to work to make Tech High a bigger and better school.

Peacock's Feathers

Leader, STEWART SHEHEE

Sutton Aide, JAMES SIEGNIIOUS

THIS class is composed of students from the freshman, junior, and senior classes. We have had a good semester's work, and have received many compliments. Of all the work exhibited in King Hardware windows, we were given credit for having the best.

We invite you to come down to Room 12 and see the exhibit of the machine shop.

This class had several fellows who were taking advanced shop. They were: Bob Carmichael; Joel Turner; Rufus Smith; Charles Styron; Lendsey Vaughn; Charles Davis and Stewart Shehee.

Shelley's Jellies

Leader, JAKE WHEELER

Sutton Aide, CARLOS DICK

OUR Physics Class, under the capable tutelage of Mr. L. W. Shelley, has progressed rapidly. We have learned the fundamentals of physics and how to apply them in our present-day tasks.

At the beginning of the year we elected Jake Wheeler as Class Leader, Carlos Dick as Sutton Aide, and Hugh Harbuck as Rainbow Correspondent. These boys have filled their offices well. Among the prominent members of the class we have Jack Bogle, captain of the Swimming Team; Hoyt Sutton, who plays basketball, and Jack Guest, who is out for Track Team. Mr. Shelley is a letter man also, from Clemson.

Sutton Aide, L. H. PARHAM

UP in Room 302 where drawers are drawers and boys are glad of it, the mighty cowboys of Mr. T. L. Smith sling a wicked inking pen and occasionally an exclamation, when an almost finished drawing is blotted or a line is drawn in the wrong place. The plain spoken one is then given a case, tried and prosecuted in less time than a minute. We believe that this class will turn out quite a number of Rudy Vallees, they all have voices like fog horns.

Leader, GORDON BAKER

Sutton Aide, P. L. MEIRE

THIS is one of the hardest working classes in Tech High School, under the leadership of Mr. Sojourner. We work every minute we are in the room, because we are trying to make a notable record. Wherever there are any school activities taking place, you will find one of the Saps there representing our class.

We are represented in the Band by George Nolley and George Gartner. Gordon Baker represents our class in the Glee Club. Fred Parr is our best declaimer, and is a member of the Sutton Literary Society.

The Gentlemen of Thirty-One

Skipper, MILLARD DAVIS

Sutton Aide, MIKE CARMICHAEL

EARLY September found an odd collection of gentlemen strolling into Mr. C. T. Sutherland's battleship (Number Thirty-one) in Grady Lake.

It was soon decided that the ship should have a crew; accordingly, Millard Davis was elected skipper, and Mike Carmichael, Rainbow Correspondent and Sutton Aide.

The special and regular reports were survived with no fatalities, but injuries were quite frequent.

After four or five weeks of coaxing William Wallace succeeded in raising a moustache, one of the very few in school.

The Tehisean

Bill Finch
BILL FINCH
Editor

THE Tehisean is the annual publication of Tech High School. Its name is a composite of the first two letters of the words: Tech High Senior Annual.

We, the editors, have endeavored to sketch an interesting outline of the various phases of Smithy life—to portray intimately the social and literary activities, to picture briefly the athletic program, to give expression of appreciation to the ever loyal administration.

While we have not attained the literary precision worthy of the school we honor, we have zealously strived to use our originality and resourcefulness in compiling a book that will be treasured by All Smithies as reminiscent of the happy days so profitably spent about the Smithy campus.

Cross Chapter Hi-Y

OFFICERS

HAROLD M. WELLS	President
P. L. WILLBANKS, JR.	Vice-President
HARRY BARNES	Secretary
LAMAR GODWIN	Treasurer
T. L. SMITH	Faculty Advisor
MISS MAMIE WILLIAMS	Sponsor

THE Cross Chapter Hi-Y of the year 1931-32 is one that will long be remembered in the history of Tech High School.

Many a heart was made lighter and many a home was made brighter through the Thanksgiving offering the club sponsored in the school. Then followed a collection for Christmas, where the same thing was accomplished.

The club entered the Good Samaritan Contest and has led all the Hi-Y's of the state in the ten point efficiency program.

May the clubs of the future be as successful as this one has been.

MR. J. F. BOYD	<i>Faculty Advisor</i>

THE Culver Literary Society was founded in 1919 to promote eloquence in diction and to develop oratorical powers. It was named after Mr. Charles Culver, former principal of Tech High.

Together with the Sutton, the Culver debated Girls' High on the subject, "Resolved, that compulsory unemployment insurance should be adopted by the several states."

Besides the inter-school activities, the Culver is always well represented on the Annual Exercise. This year we placed five speakers on the program, Tomlin and Nunes, debaters, and Hilley and Johnston, declaimers, with Sockwell as alternate debater.

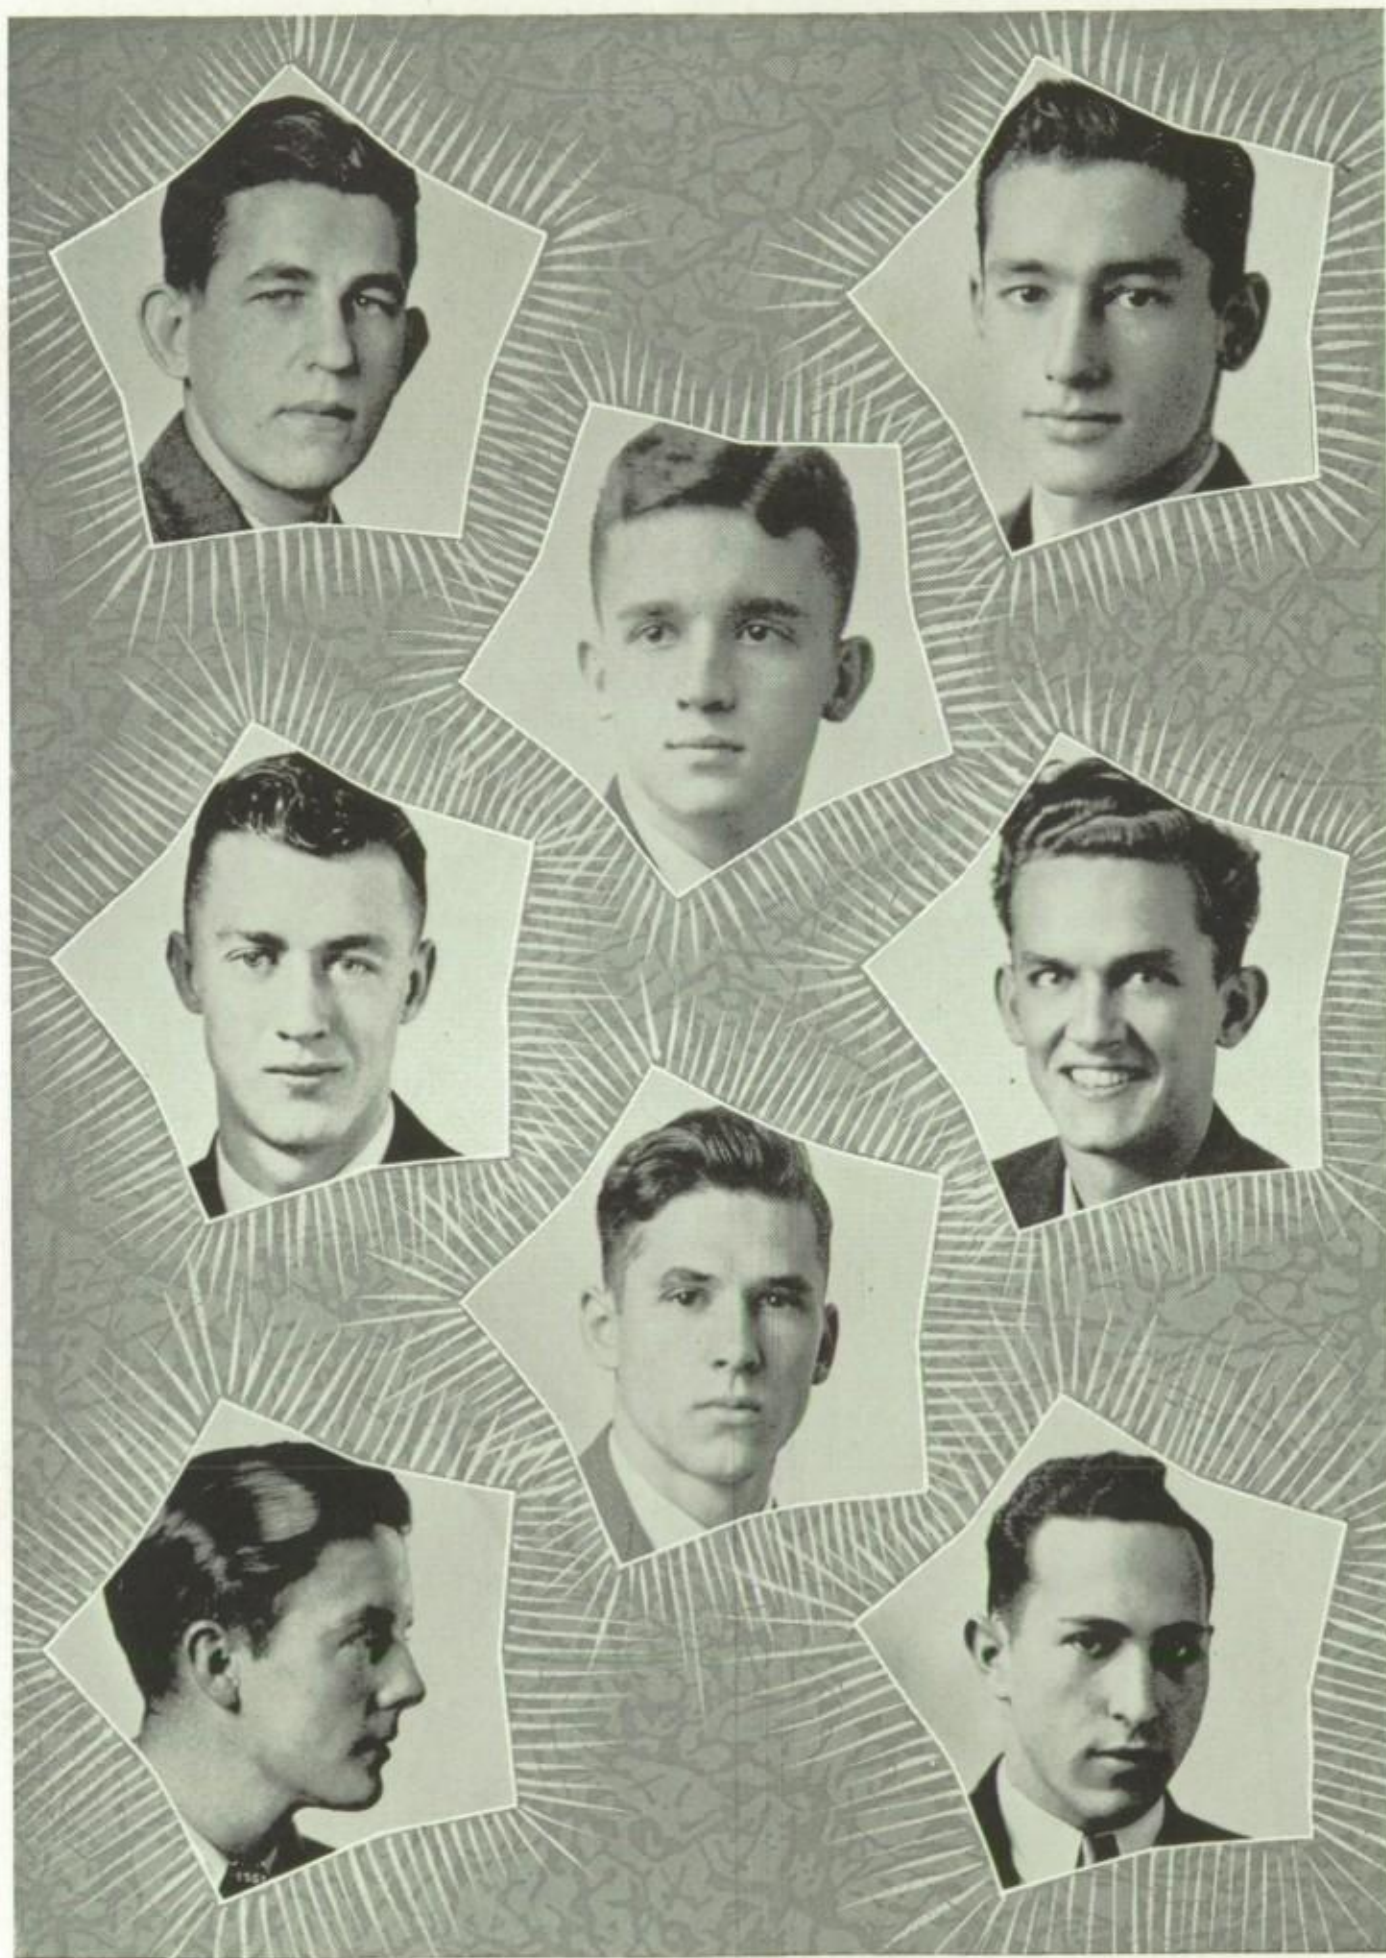

The Culver meets each week at the Central Y. M. C. A. at seven o'clock. Elections are held each quarter to give as many as possible a view from the chair.

THE Bachelors' Club, composed of the most noted anti-feminists in this noble institution, has advanced during its short life to a position of paramount importance in Smithy activities.

Only the most violent of woman-haters are admitted to this exclusive organization. These fellows, under the leadership of Bachelor Morgan, are closely bonded together to resist all feminine wiles.

The real purpose of this organization is to bring together a select few of the outstanding boys of the student body to enjoy the associations and lighter side of school life.

Sigma Gamma

OFFICERS

BLANTON IVEY	<i>President</i>
BRUCE MORGAN	<i>Vice-President</i>
JACK GUEST	<i>Secretary</i>
HUGH STOVALL	<i>Rainbow Correspondent</i>
RALPH IVIE	<i>Treasurer</i>

SIGMA GAMMA was organized in 1928 by five charter members for the purpose of furthering better social relationships among students of a chosen group at Tech High School. During the three years of its organized activities it has met with remarkable success in promoting good fellowship. It is sincerely desired that this work be carried on in future years by Sigma Gammas to come.

The dances and social activities of Sigma Gamma have been enjoyed by every member of the fraternity and they have proven a great success in bringing our members to a better understanding of good-fellowship.

The pleasures of our social affairs have been greatly enhanced by the co-operation of our faculty advisor, Mr. J. C. Brown, and our president, R. B. Ivey.

It is hoped that the Sigma Gamma of the future will enjoy the contact of their fraternity brothers, as we, of the present time have.

Barlow, Emmett	Lilly, Raymond
Dominick, Raymond	Cohen, Moreno
Bradfield, J. E.	Stokes, Donald

E. L. BARLOW, *Faculty Advisor*

THE Lambda Mu Epsilon Fraternity was founded by Mr. E. L. Barlow at Tech High in the year 1927. Its principal purpose is the promotion of interest in the study of Spanish among the student body.

There can be but ten active members in any one school year. They are selected from the students who have completed one and one-half years of Spanish and whose grades have been unusually high. Their scholastic standing in other subjects must also be above the average.

The L. M. E. is primarily an honor society and has a high rating with similar organizations. The social activities make it one of the best and most beneficial fraternities to which one may lend his support.

Smithy Senate

UNDER the vital personality and tutelage of Mr. J. C. Brown, members of the Senate have grown, budded, flowered, and are now flourishing in their newly found abilities as orators, debaters and declaimers. This peak of their abilities has been reached by tortuous paths beset with constructive criticism and by participation in debates, with fellow senators, declamations, and reports on books, current topics, personal interviews and editorials given before the Senate.

To prove the merit of their existence, they succeeded in training Senators so well that the majority of the members on the Annual Exercises have been, or are in the Smithy Senate. This has been true for years past and is to continue as long as Mr. Brown is at the helm.

As a group the Senate is composed of men from all walks of school life, men who are leaders in athletics, literary fields and scholarship activities.

The officers of the Senate are:

National Athletic Scholarship Society

TECH HIGH CHAPTER

Installed May 3, 1926

THE National Athletic Scholarship Society for Secondary Schools was organized at Tech High on May 3, 1926.

The members of this society are selected from boys who have made athletic letters and have passed all subjects for three consecutive semesters. If the boy should make the honor roll during this period the school will give him the gold key of the organization in appreciation of his work.

The members of the society are representative of all the sports at Tech High, football, baseball, track, golf, swimming, boxing, cross country, and rifle.

The purpose of this society is to train boys both mentally and physically.

PHRYNOSOMA

CORNUTUM

HORNED TOAD CLUB OF TECH HIGH

T. L. SMITH, *Potentate*
MISS RACHEL WHATLEY, *Executive Secretary*

OFFICERS

1931-32		1932-33
Don Hunter	<i>President</i>	Peter Moore
Jeff Dabney	<i>Vice-President</i>	Willie Smith
Jack Hooks	<i>Secretary</i>	C. Weekly and H. Dowling
Wilson Roberts	<i>Treasurer</i>	Philip Stovall
Willie Leatherman	<i>Sgt.-at-Arms</i>	Mike Rubley
J. B. Manning	<i>Rainbow Correspondent</i>	Ted Haynie

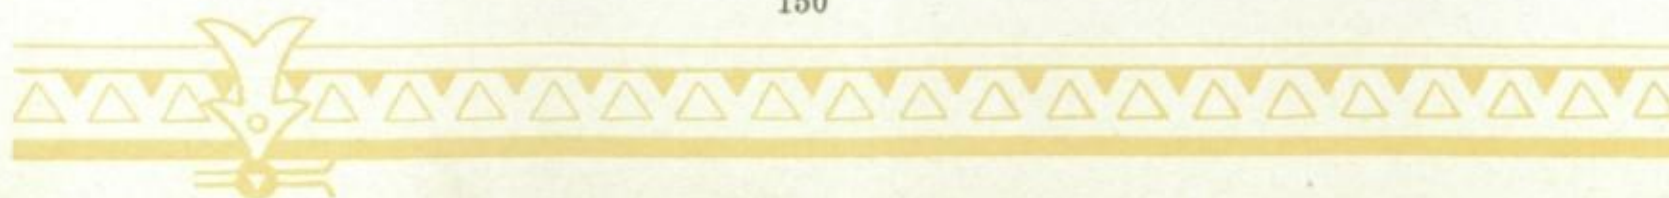

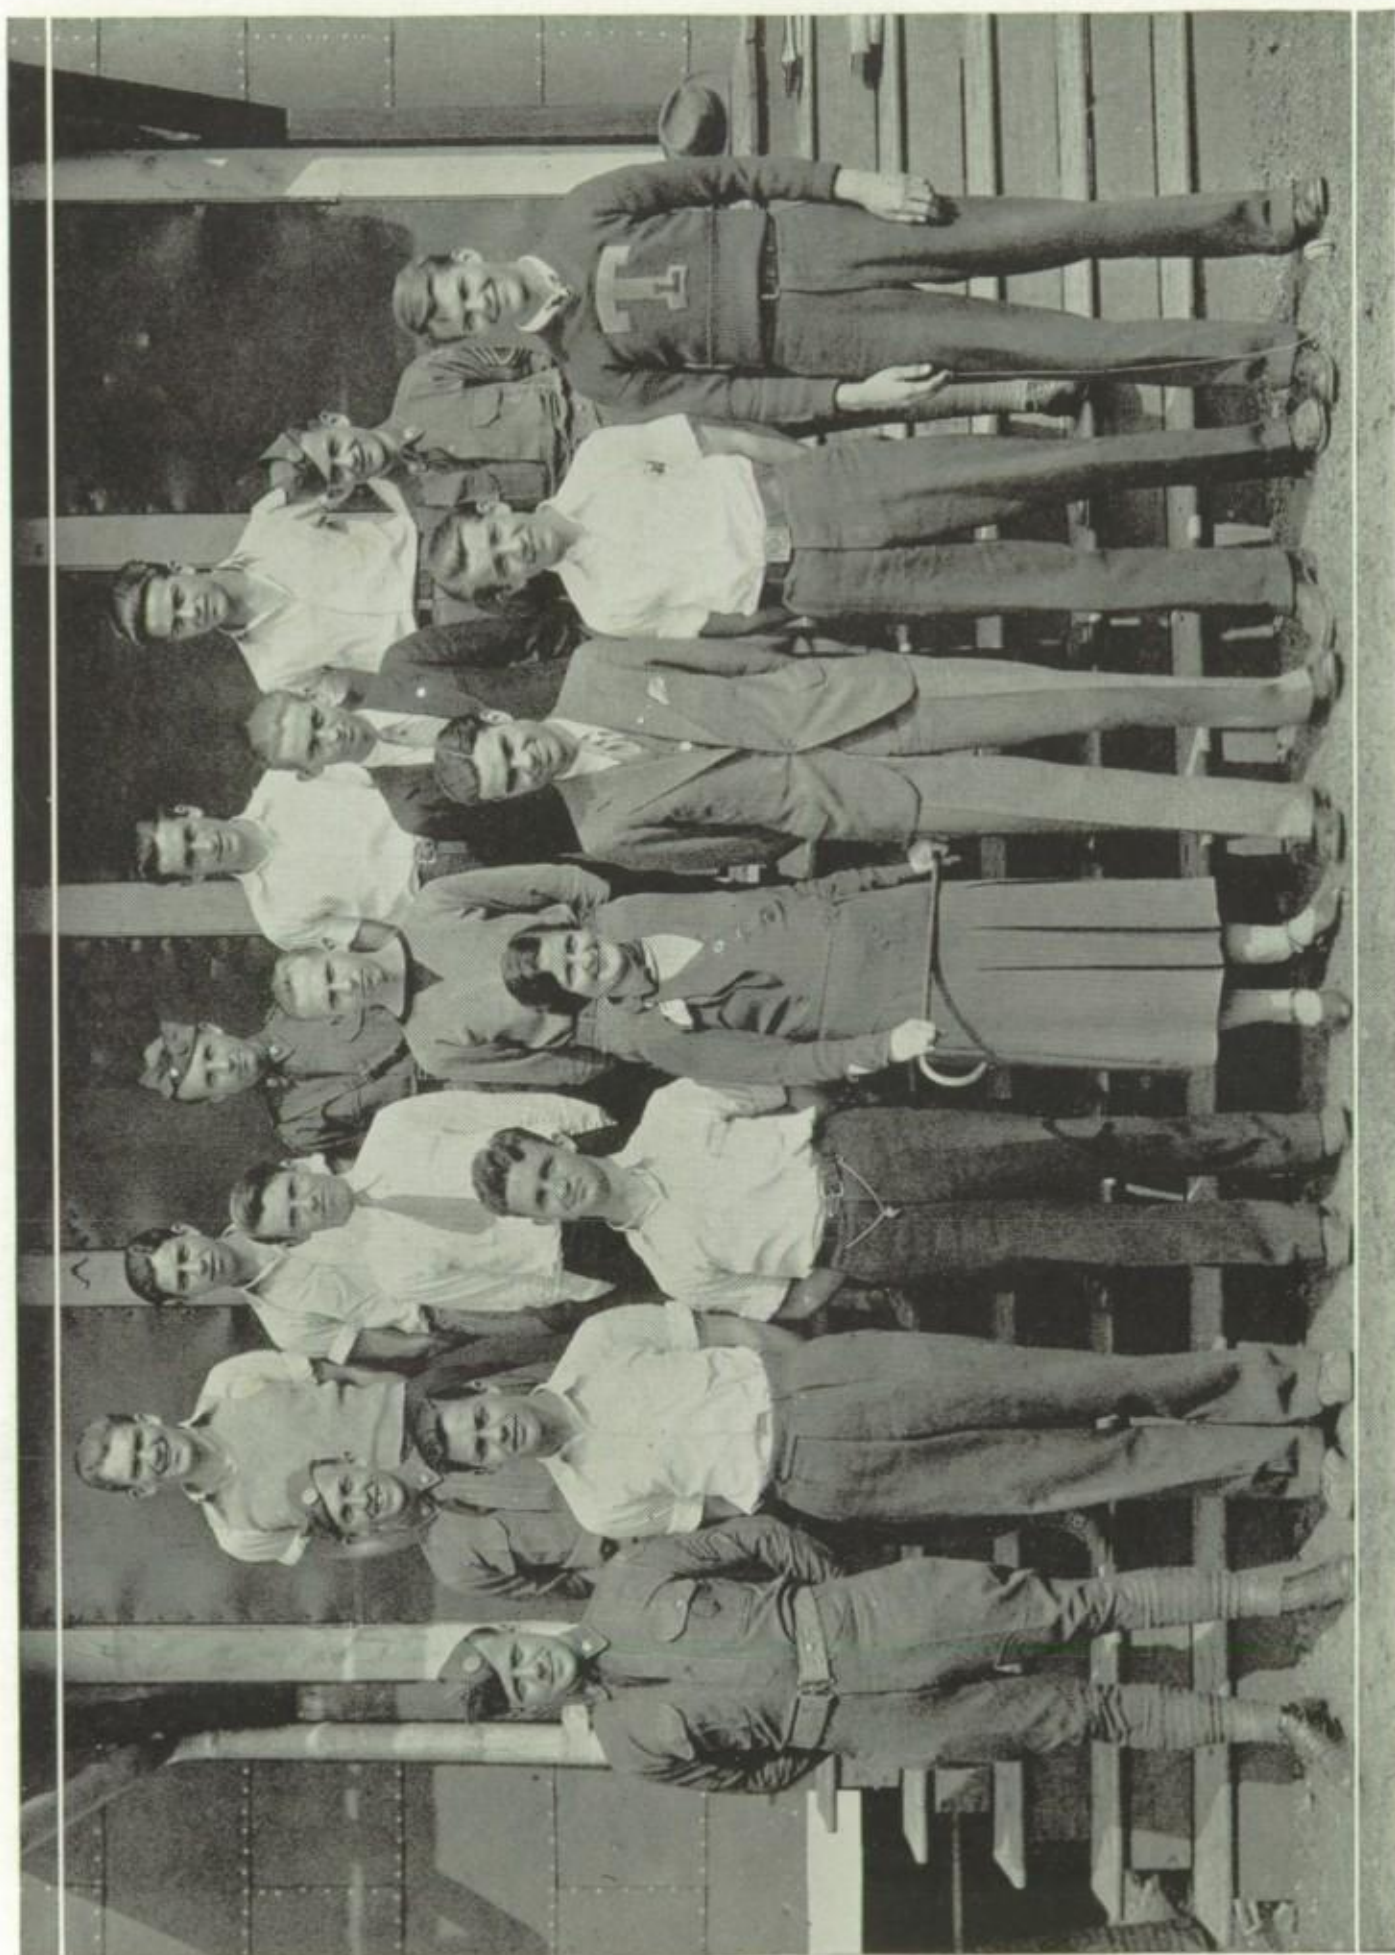

THE Phrynosoma Cornutum, or in other words, the Horned Toad Club, is one of the most magnificent organizations in Tech High. It has the largest enrollment of any club in the school. Headed by the fine example of Mr. T. L. Smith as Faculty Advisor and Don Hunter as President, the Club has gone farther this year than it has ever been before.

The Horned Toad Club was organized in the fall of the year 1928. Mr. Smith, being from Texas, was of course familiar with the habits and customs of the horned toads in that vicinity. He decided that it would be a very good idea to get a bunch of boys together that would carry on the traditions of the clan. The first Horned Toads ever to exist in the State of Georgia, County of Fulton, and City of Atlanta were six well known Tech High boys. They were Wilburn Cauncy, Bailey, Joseph Barrett Bailey, Ray Keeling Hulsey, William Canterbury Roper, Frank Alonzo Arrington, and Harry Doc Kelly.

At the end of the first year, the membership of the Club numbered seventy-eight. Great things were expected of it. And these things came to pass. It has been said that Mr. Smith was once a Horned Toad in the pre-historic days and that he has been reincarnated in the present day. It would seem if that is true that Tech High should feel highly honored that he should pick out this school as the most suitable place to locate in his new venture.

This year's dance was better than the one before and every one had a wonderful time. If it is true that Brother Smith has been reincarnated and its future prophecy is to be carried out, the club will expand and develop until it covers the whole United States and then the whole world. It is to be hoped that its prophecy will be carried out to the fullest extent. Let us all hope and pray for its happy and prosperous existence for ever and ever more.

Tech High Library

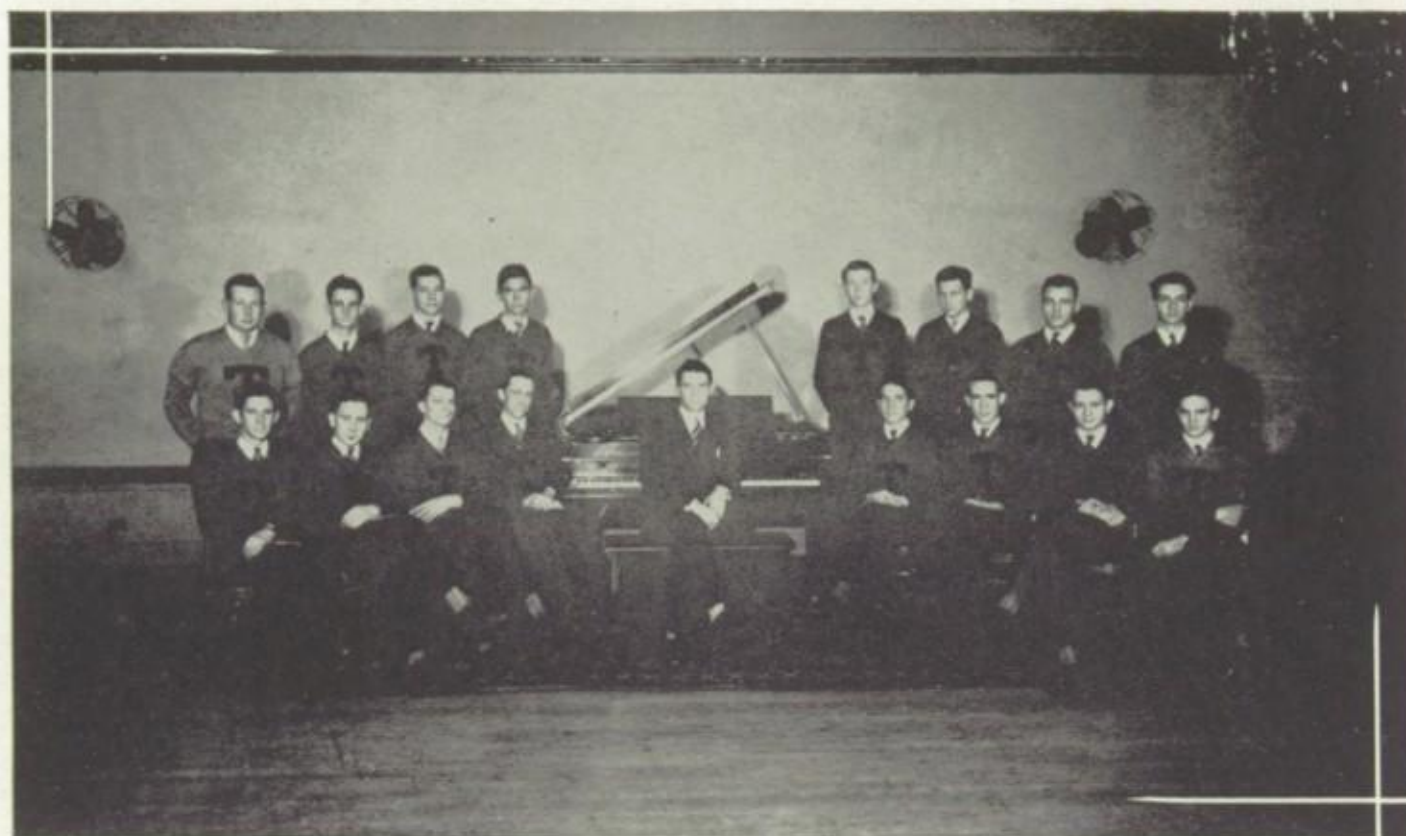

THE Tech High Library, which is one of the finest libraries in the South, contains a complete line of periodicals and reference works. You may also find books varying from the highest types of English masterpieces to the ever popular thrillers of our modern fiction.

Mrs. J. O. Freeman, librarian in charge, and her student assistants use the Dewey decimal card index system, which is the most up-to-date system now in use.

The victorious Smithy teams have crowded the shelves of the library with cups and statues of gold, silver, and bronze, which they have brought back from the many athletic contests in which they have engaged in the past few years.

There are also pictures of famous Americans and former Smithies of importance in this very important room of our school.

Glee Club

BUFFETED around by all zero period classes, gazed at with scorn and contempt by the scant listeners, granted few privileges and asking none, the Tech High Glee Club has made a success despite them all. It was for this group to bring additional laurels to hang beside those of literary and athletic merit.

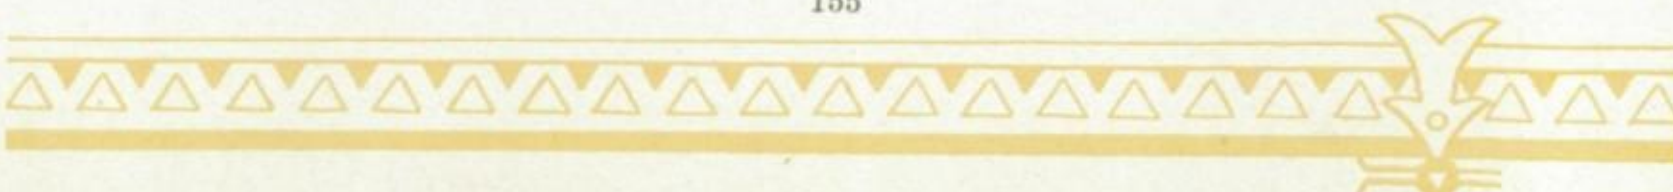

Too much credit can not be given Mr. H. A. Taylor, the director. Though his time and efforts were divided he succeeded in providing a fine array of virtuosos for Tech High.

Tech High Orchestra

MR. H. A. TAYLOR, *Director*

THE increasing demand from music lovers of a type this year for symphonic orchestrations, has necessitated the Tech High Orchestra changing their line of endeavor. They have had as their goal this year the ambition to arrange a concert from their repertoire at short notice, either one for dancing purposes or for a classically minded audience who know good music.

Due to the untiring efforts of their director, Mr. H. A. Taylor, they have more than reached their goal. Mr. H. A. Taylor was a newly added faculty member for the current year and took up his duties with Tech High from Waco, Texas.

The boys have been so popular that their engagement book has always been full to the brim. Besides winning fame for their Alma Mater, they have endeared themselves to the faculty and student body for work.

Presidential Campaign

PRESIDENT FINCH

THE Presidential election of 1932 proved to be one of the most spirited in the history of the school. Campaign speeches and advertisements raised the party spirit to the highest pitch.

At the Purple convention, Bill Finch was chosen as Presidential nominee. Pete Moore was named candidate for Vice-President. The Gold delegates chose Don Hunter and Norman Perry as their representatives. The Military Party in its initial appearance in school politics, nominated Willie Smith and Lewis Munday for office.

After considerable electioneering by all three parties, the election was held under the direction of Mr. J. Elgin Poole, head of the History Department. When the ballots were counted, it was found that Finch and Moore were victorious, by an extremely narrow margin. Smith and Munday were second, and Hunter and Perry finished third.

The inauguration of the successful candidates was held at the Tech High Annual Exercises on April 14.

THE COLORS

Military

SGT. JOHNSON

A NEW era, with a clean book started the Military Department of 1931. The new start proved to Tech High that it had one of the finest military units in the South. The tireless efforts of Captain Austin and Sergeant Johnson gave to the officers and men new subjects, new ideas, new movements the Department never witnessed before.

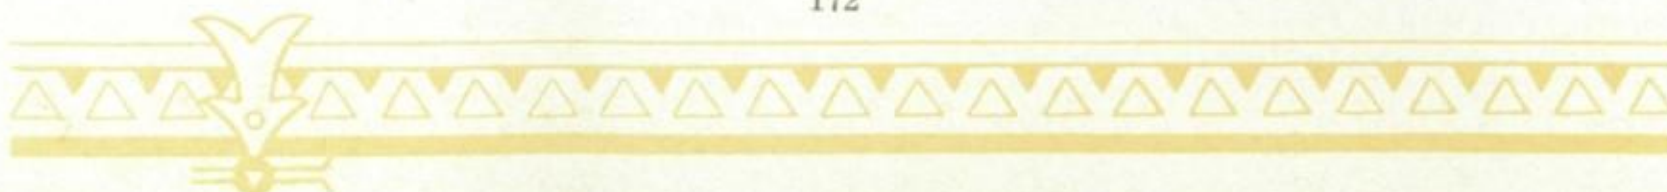

One of the finest movements started with the Regimental Fund, each boy paying his amount each half. This fund provides for the cadets taking military all the supplies used by him during the period of military. The cadet colonel of the unit was treasurer of fund. Each month Captain Austin audited the books, giving his advice and help on the expenditures.

The new improvements of the year would take a book to print them, a few to remember: the rifle range being moved in the armory, the drawing of life size images on the back board of the rifle range, by Sergeant Johnson, showing the different position and the correct adjustment of the hasty and loop sling, the covering of the walls with black beaver board, the placing of drawings on the board to show all the different movements in Musketry, Field Drill, Extended Order, the new guideons with all metal work cromium plated, new rifles and many other improvements that will live forever in the minds of the cadets who helped to bring Tech High to the top.

Captain Austin, our Professor of Military Science and Tactics, with the help of the school authori-

COL. HENDERSON

ties gave to the Henry Grady High Schools a wonderful class room where subjects as Scouting and Patrolling, Map Reading and Drill and Command given to the cadets by the wonderful knowledge of Captain Austin.

The condition of arms and equipment were above the average during the year according to the report from Sergeant Johnson, our Commandant.

At the time of this writing the annual Governmental Inspection of the unit is over, the excellent condition of arms and equipment Field Drill and Armory not only by the inspecting officer gave certain signs that Tech High has a wonderful chance for Honor School.

Colonel Henderson and his staff can say no more than the Military Department have a base that can create in future years the finest military unit in the Fourth Corps Area.

CAPT. AUSTIN

MR. CHENEY

SGT. JOHNSON

The Rifle Team

WITH new items and many new improvements the rifle team closed their year with a successful season.

For the first time the team, with their Captain H. King, entered in portable matches with thirteen schools, winning nine and losing four by very small scores.

The Ga. National Guard invited Tech High's team out to Fort McPherson to shoot with them, this being the first time a Tech High rifle team ever attended a range with the .30 caliber rifles.

Tech High placed tenth in the Fourth Corps Area Match, part of the honor going to the three new members of the team, Lieut. Huey, Lieut. Brazell and Sergeant Doyle, with the rest to the old members Colonel Tomlin and Captain Gardner. The team also qualified for the inter-collegiate matches.

Captain Gardner won the medal for being high man on more matches, while Colonel Tomlin won the White Medal given for the highest average score for the year.

Two of the portable matches were to be shot shoulder to shoulder but they had to be called off due to uncalled for condition at the time, although shoulder to shoulder matches with Boys' High and Fulton High were secured and they gave vent to the fact that shoulder to shoulder matches are harder to win than by the inter-changeable target method that we have to use between schools.

The range this year being moved inside the armory were adequate conditions for in are perfect proved to be the greatest improvement of the year. Here Sergeant Johnson, our coach and instructor, painted and drew upon the back stop the life size image of soldiers in the correct firing positions and the adjustment of the hasty and loop sling.

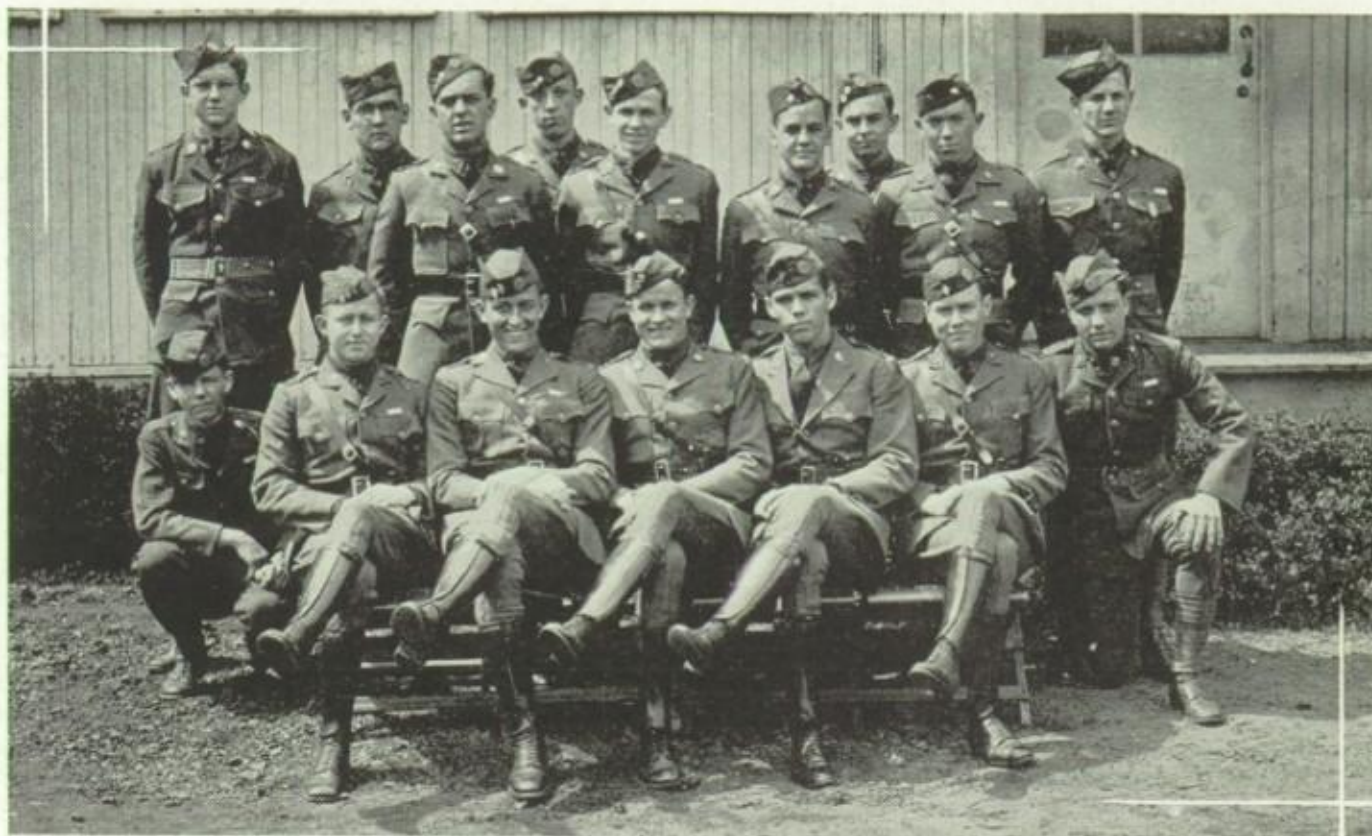

The Band

IN the year of 1919, a band, starting from nothing, under the leadership of Mr. Woodward, arose from Tech High. This band with the everlasting spirit of Mr. Woodward, better known as "Major", through years of hard work, very trying periods, grew and grew till this year of 1932 a band of eighty pieces gave forth to the school such an ovation of martial airs that has never been heard at Tech High.

Before school ended in 1931 the band received an invitation to go to the Yorktown Sesquicentennial Celebration at Yorktown, Va. With the co-operation of the band boys enough money was soon raised to finance the trip and on October 5, 1931 the band detrained for Yorktown, Va. During the week spent, Yorktown, Washington, Annapolis, Fort Moultrie, also many other points of interest were inspected and visited by the cadets in the band.

The giving of a neatness ribbon for the neatest cadet on the Monday morning inspection created a very keen competition among the cadets in the band. The cadet winning the ribbon more than any other cadet received a Neatest Medal at the end of the school year.

The Staff

COLONEL HENDERSON, with his mind on shoe laces, commanded the finest and most efficient staff ever had at Tech High. Lieut. Colonel Tomlin in charge of Plans and Training also watching over the Non-Com school. With the combined help of Major White and Major Harrington the officers were inspected every Monday morning at "that" 7:45 period. Captain Nash and his staff, Lieutenant Mitchell, Lieutenant Richardson, Sergeant Wilson and Sergeant Norris made the supply room one of the hardest places in the world to get a square deal when changing your equipment. The two Battalion Adj. Lieutenant Sower and Lieutenant Taylor, Captain Baker, over-watched and over-worked by that Regimental Adj. Captain Ivey kept the office in a snappy and well ordered rest room. The Colors were guarded by the Color Sergeants Beavors and Sergeant Lewis. Sergeant High carried the American flag and Sergeant Wright the Regimental Colors.

The whole Staff received the hearty congratulation by Sergeant Johnson our Commandant on the splendid co-operation the Staff gave him during the year.

FOOTBALL SQUAD

C. T. TOLBERT, *Head Coach*

For many years this Knute Rockne of prep football has been turning out championship teams. This year was no exception as the Smithies had a very successful season.

The system used by Tech High has all the aspects of a college unit. A great team is only a tribute to a great coach.

T. L. ALEXANDER, *Line Coach*

"Alex" has been esteemed and admired by football linemen for a long time. Although he is a hard driver the boys all work cheerfully for him.

He is the main reason why the forward wall at Tech High has always been feared by opponents. May the future linemen uphold the reputation of those in the past.

J. D. WHEELER, *Manager*

Jake was untiring in his efforts to help out the Smithie cause. At the end of the season very little equipment was found to be missing. Hats off to the best manager Tech High has ever had.

BILLY STREET

Captain

Plucky, determined, always training and trying to win. That's Billy Street. This is his second year on the Tech High varsity, and the fact that he was chosen Captain proves his ability and earnestness.

Street is truly fast, but he was used as interfeerer for "Pug" and others. A drive at the line usually saw Street emerge first and go get his man. Here's to a great athlete!

DICK COURSEY

Alt. Captain

"Popeye" Coursey, who acquired this moniker through his great aggressive nature, is truly a thorn in the side of an enemy backfield. Alternating at center and guard, he plays equally as well at both positions. When a streak breaks through to throw a man for a loss, you can bet it's Coursey, a truly "fightin' Smithie".

This is his last year at Tech High, and his loss will be keenly felt by both the football team and school.

MARVIN (PUG) BOYD

All-Southern Quarterback

Finishing in a blaze of glory as all who saw the final G. M. A. game will testify, Pug Boyd climaxed as brilliant a football career as any other star can boast. He ranks with, if not higher, than "Buster" Mott, Thomason and others. A shining light in every contest, Pug holds the admiration and respect of every football fan. We wonder how long it will be before another one like him comes along.

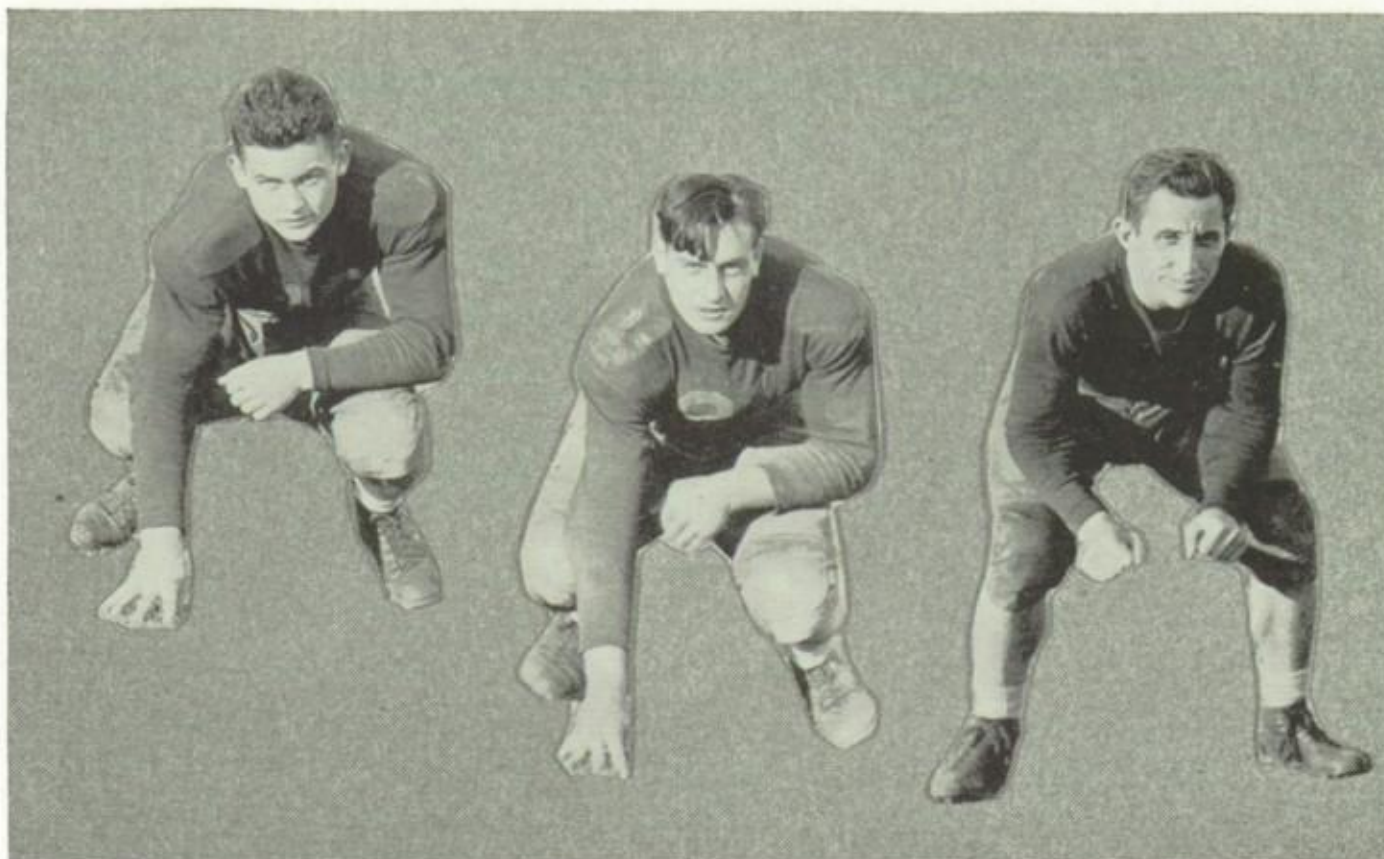

HARRIS (HOOT) GIBSON

All-Southern End

A triple threat end and a money player, Hoot was a satellite in every game. After every game the papers would read "Boyd and Gibson star, as Smithies win". He will always be remembered at Tech High School not only for his football exploits but for his personality as well.

He cavorted brilliantly in three sports for Tech High, as did Boyd. After two years association with Hoot it is hard to see him go.

FORREST BLOODWORTH

Guard

A drive at the line! The mass pile up! The team has failed to gain. Who's the man who piled them up? None other than Bloodworth, the left guard who seldom misses his man. He is an honor-roll student and a superb athlete.

JOHN HADLEY

End

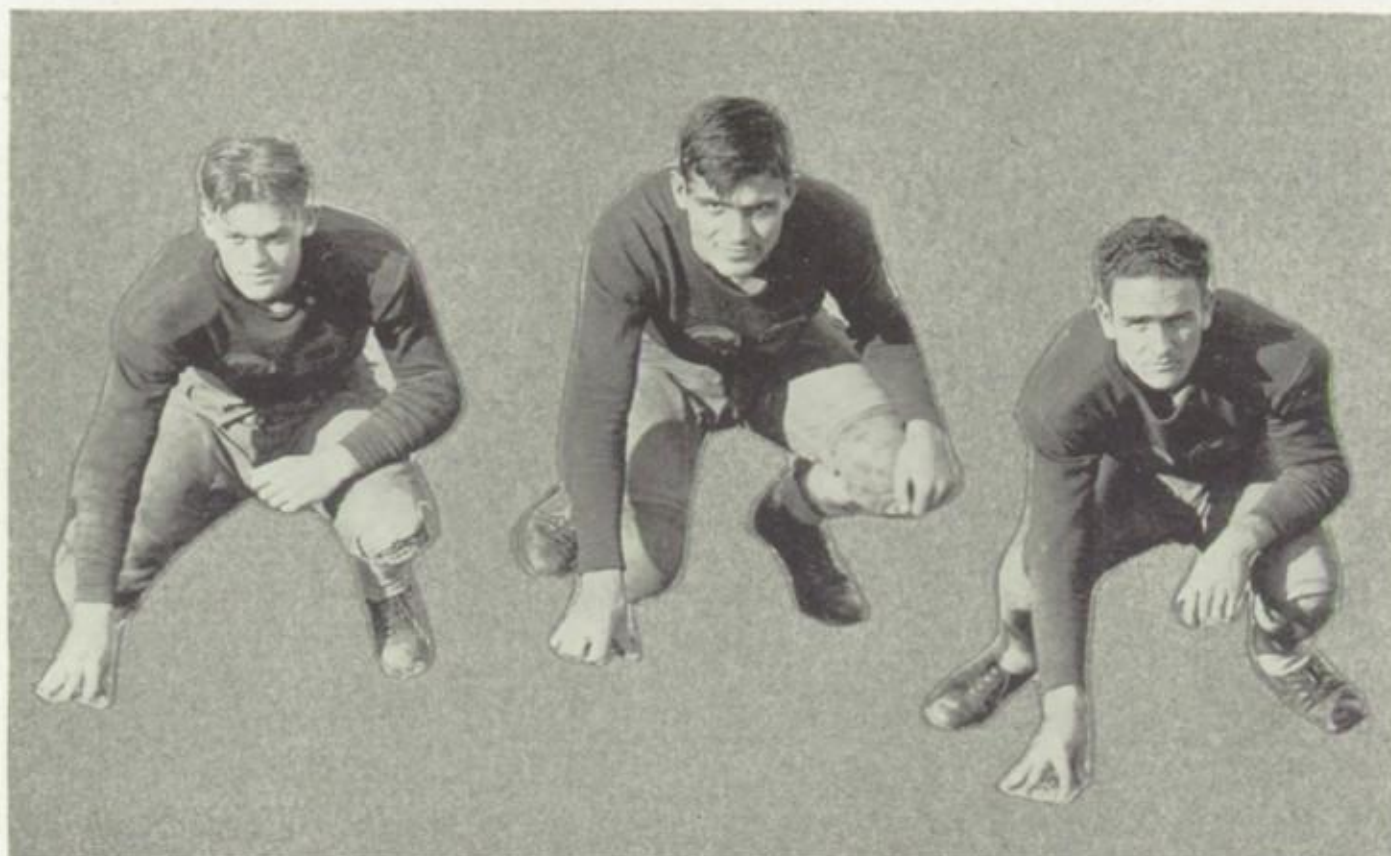

Johnnie Hadley, veteran of many battles for Tech High, established himself this year as one of the best ends Tech High has ever produced. A great pass receiver and blocker, Johnnie was a big aid to the Smithies this season.

RALPH TOLVE

Tackle

Eric von Tolve, "The Great", although only 210 pounds of muscle, was quite lucky in that he didn't get killed. Tolve was unusually fast to be so large, and many an opposing end felt the weight of his arm. Eric has matriculated at Auburn, where he is expected to carry on for Ole Tech High.

EMERY BRADFIELD

Guard

"Red" Bradfield, the fighting valedictorian who socks 'em at right guard, completed a brilliant football career as well as scholastic this year. After a few plays directed at his position, it was usually found advisable to run them elsewhere. A steady, dependable player always, Red was of great credit to Tech High School.

CHARLIE HEARD

Tackle

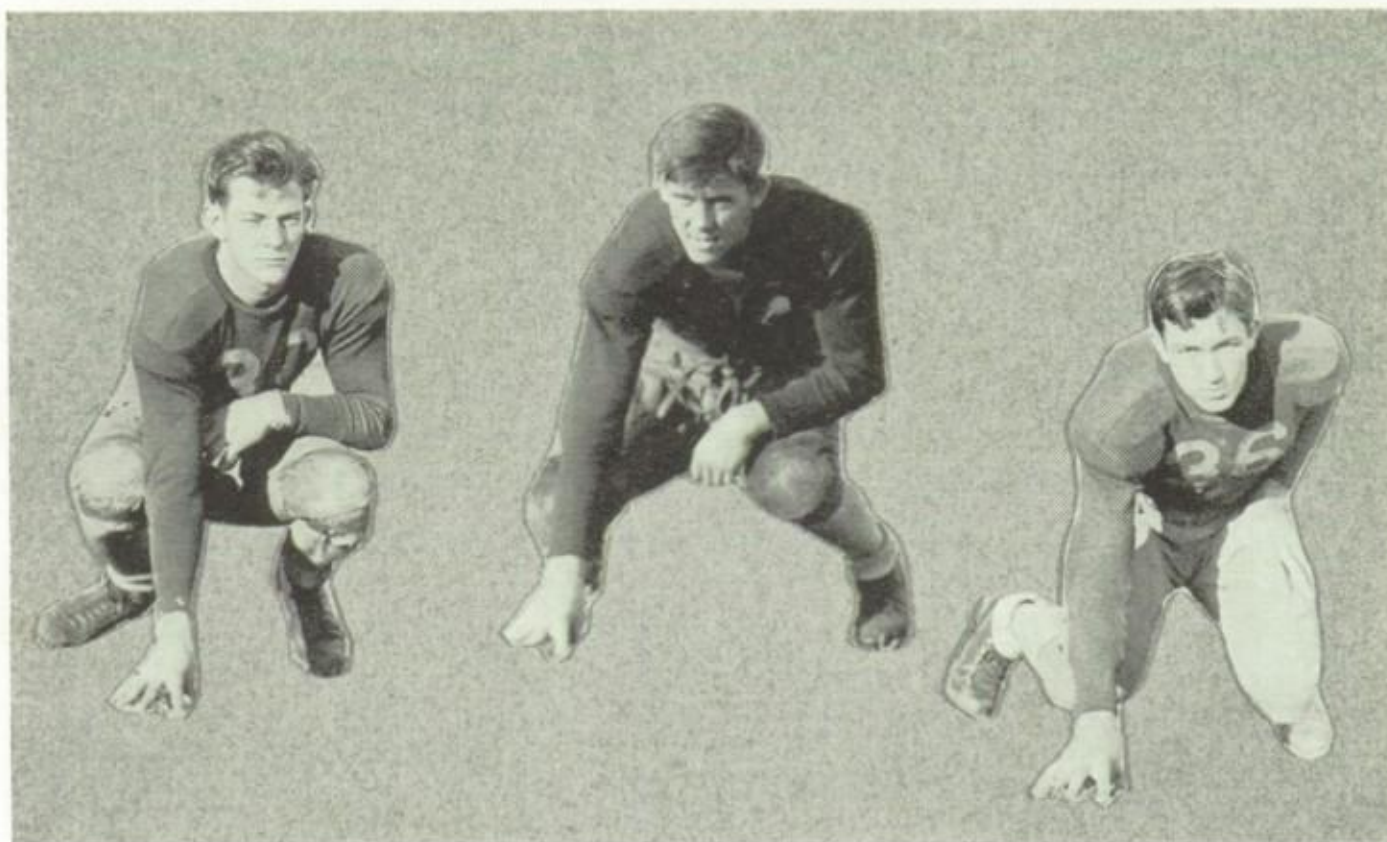

Big "Knut" Heard, left tackle de luxe, played his part nobly in the very successful season just completed. Although linemen don't rate the headlines, you can bet your boots they deserve them. Knute took many hard knocks and gave them. A team's strength is in its tackles, and Tech High was well fixed.

BYRON BEARD

Fullback

A plunging, hard-working fullback who was a Rock of Gibraltar to his team-mates. In a pinch Beard was always called upon for an extra yard or so and he seldom failed. A great blocker, he led Pug around ends for many a gain. Some college will be extremely lucky to get him.

ALFRED BENDER

Center

"Dutch" Bender is the tall boy's name who holds down the pivot position. He snaps the ball back with uncanny accuracy, and has a deadly way of analyzing the other team's plays. He was a vital cog in the great 1931 machine.

CRENSHAW BONNER

End

"Sub-deb" Bonner, end for the Smithies, has proven his worth so well that he was elected captain for the 1932 season. Despite his cravings for the fairer sex, Bonner is a great battler when facing an opposing line, and his future as a great football player is assured.

RUDY MACNAMARA

End

Rudy is a tough man any place, but he seems a little tougher on the football field. He plays his position for all he is worth and it takes at least three men to take him out. Rudy had a bad knee and didn't see service in all the games, but he certainly stepped out in the Gaffney game.

CHARLIE HURST

Halfback

(No Picture)

A diminutive little giant, 150 pounds of concentrated dynamite—that's Charlie Hurst. He played blocking halfback and few ends charged over him. Charlie was as fast as a streak in getting down under Gibson's punts, in which way he was a terror to the opposing safety man. This was his final year.

SIDNEY SCARBROUGH

Quarterback

"Scab" is one of those all-round players. He can, and has, played center, half, full, or quarterback. Fullback and quarterback seem to be his best places, however, and he stars in either position. Sidney really deserves the name of "Fightin' Smithy".

TOBIE FLATEAU

Halfback

Tobie, is another member of last year's famous "3rd" team to make good. It took quite a while for Gabe to realize how good Tobie really was. His best running was done in the Benedictin and Charlotte games. He was selected on Charlotte's All-Oponent team. That is quite an honor when you consider whom Charlotte plays.

BILL ELLIS

Halfback

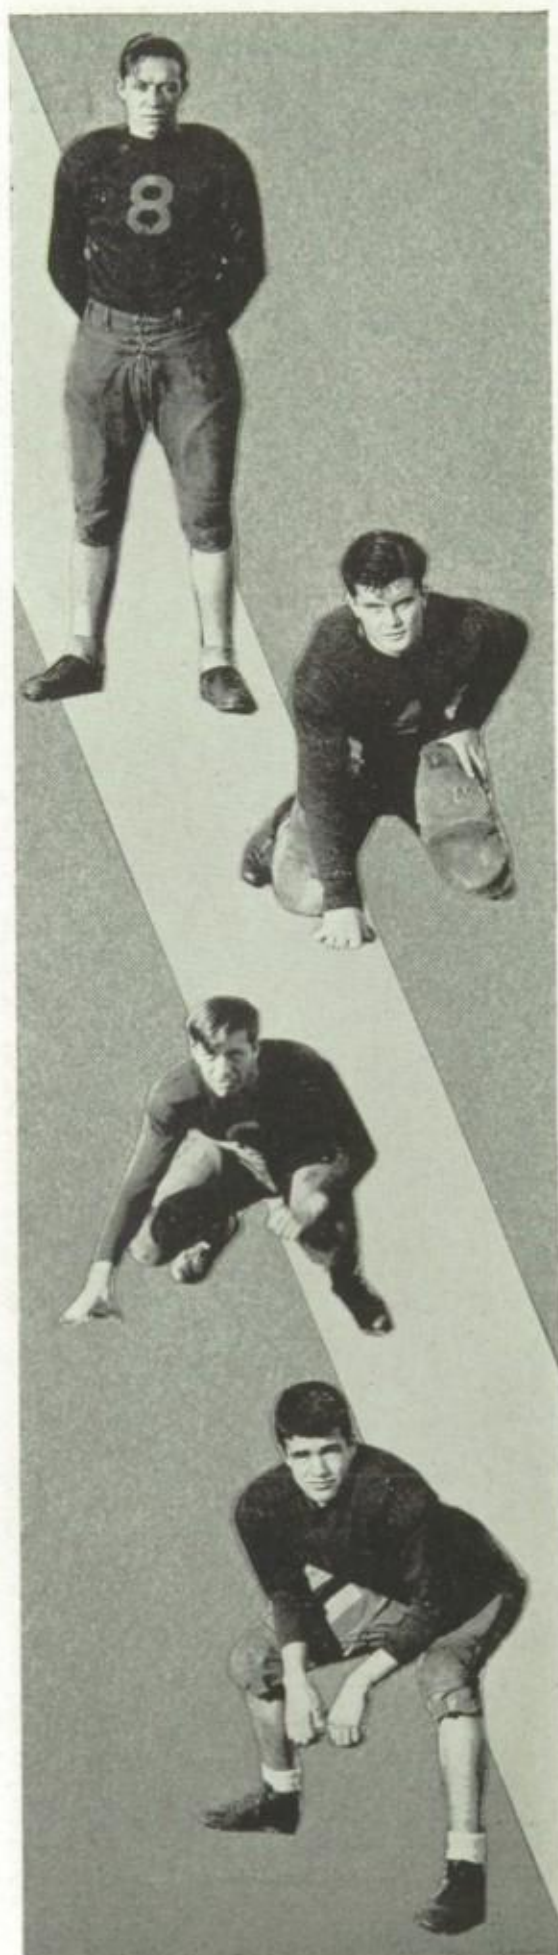

Bill's main points are speed and elusiveness, as well as a good head, which is about as much as could be expected of a halfback. He was handicapped most of the season with a bad knee, but he sure stepped when he got the chance. He was elected Alternate Captain for next year.

"BUD" DOYAL

Fullback

"Bud" is a real scrapper if there ever was one. He makes up for what he lacks in weight by hard fighting. You have to put his feet higher than his head in order to stop him. A leg injury kept him out the latter part of the season, but you just watch him next year!

NEAL BALDWIN

Quarterback

Baldwin is one of the boys who hailed from Monroe. He is small but packs a lot of power, and knows how to use it. He was captain and quarterback of this year's third team, and he made a good job of it. He has a smart head on his shoulders, and Gabe is counting on him next year.

MELVIN WELLS

End

Wells came up from O'Keefe and was the regular end for "Red" all season. O'Keefe must have lost a good player, because he played a fine brand of football for Tech High. He has two more years yet, and Gabe is grooming him for a regular position.

JOE HOLCOMB

Tackle

"Smoky" is one of those third team boys of last year, and as you know, you can't keep them down long. He made all the trips and played in most of the games this year. Perhaps he is good natured sometimes, but when he gets in a football uniform he assumes a different attitude, and that's the time to look out.

C. W. OAKES

Center

"Titus" Oakes was the mainstay of the colts this year, his dauntless nature will put him in a first-string position next season. A tough nut to crack.

NORMAN PERRY

Halfback

O'Keefe lost a star and Tech High gained one when that diminutive parcel of energy, in the form of Norman Perry, entered the Smithy institution. Norman resembles "Stumpy" Thomason in many ways and should be almost as good as that individual by the time he graduates, in two years.

"MAC" McGAUGHEY

Guard

"Mac" is probably the smallest man on the team but he is a whale of a defnese man. He is as fast as a streak of lightning and always catches the man with the ball before he gets to the line of scrimmage. He makes up in his stature in downright fighting, so watch him next year.

HOYT REAVES

Fullback

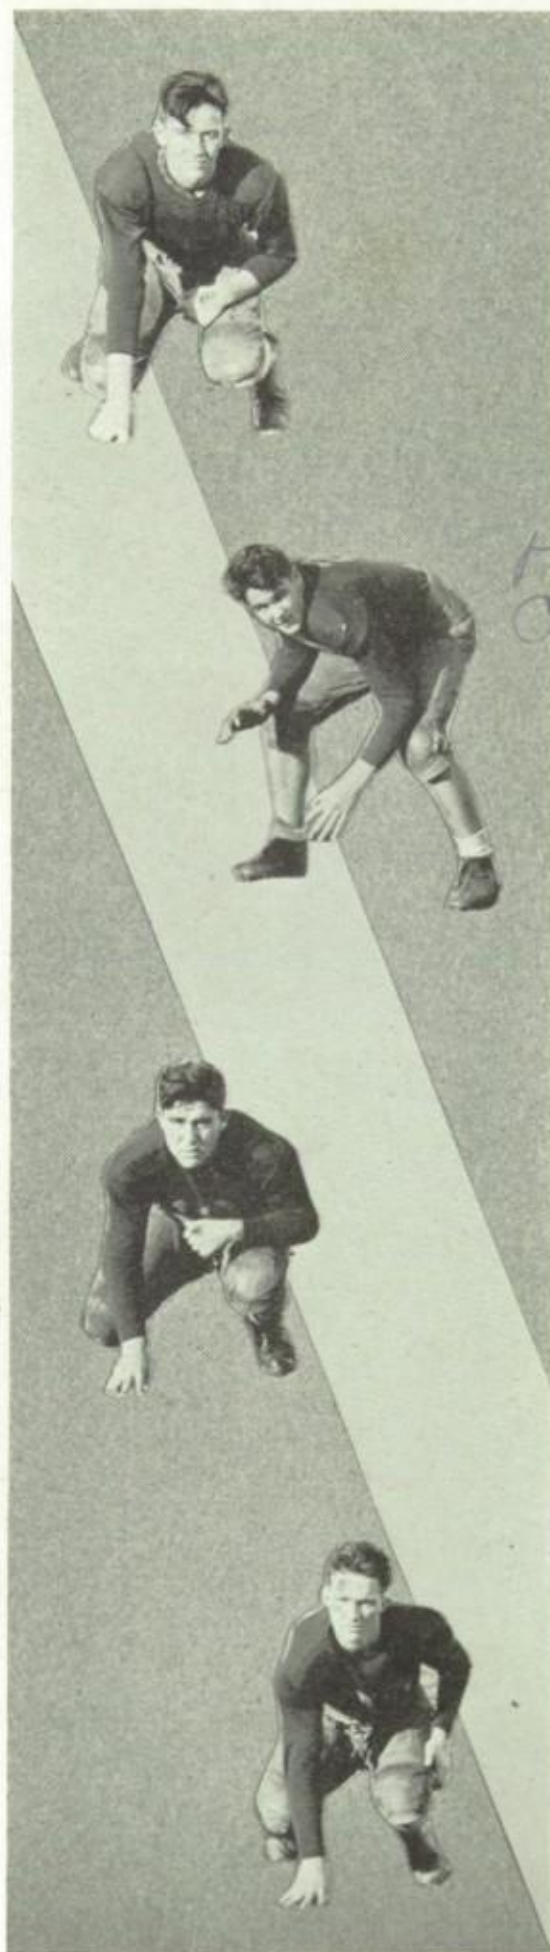

If you want that first down just give the ball to Reaves. When he hits a line it just seems to cave in before him. Gabe thinks that his best position is on the line, however, and if he shows up there better than in the backfield he will be a whale of a player next year.

OSSIE SMITH

Center

Ossie is certainly some plow boy and he makes a mighty big furrow in an opposing line. He must have been raised on corn pone and potlikker because he is as touch as nails. He is mighty dependable, and it takes a darn good team to come over his position.

STOKES TOMLIN

Guard

Stokes Tomlin, who probably absorbed more punishment than any man on the squad in practice, worked hard all the season and finally proved his worth. He is a football player who made himself, and there wasn't a better defensive guard on the squad.

Berryman Hinson

BERRYMAN HINSON

Tackle

When Walt Hinson left Tech High, he left a mighty big pair of shoes for his brother to fill. Berryman, however, shows signs of filling them very well indeed. He played in every game this year, and by the time he leaves next year he will be as good as his brother, and that's going some.

JACK KINSIER

Guard

Jack played tackle last year, but found that guard was his place. He is a short fellow, but carries around a lot of beef at a fast pace. He is a tower of defence in the line, and he was usually in a lot of games.

HUGHES "BULL"

Guard

"Bull" is another of Monroe's contributions to Tech High. He is a fine little player, and the coaches are counting on him a lot next year. He made all the trips this year and played in nearly every game. With a little more experience he will be a tough man to handle.

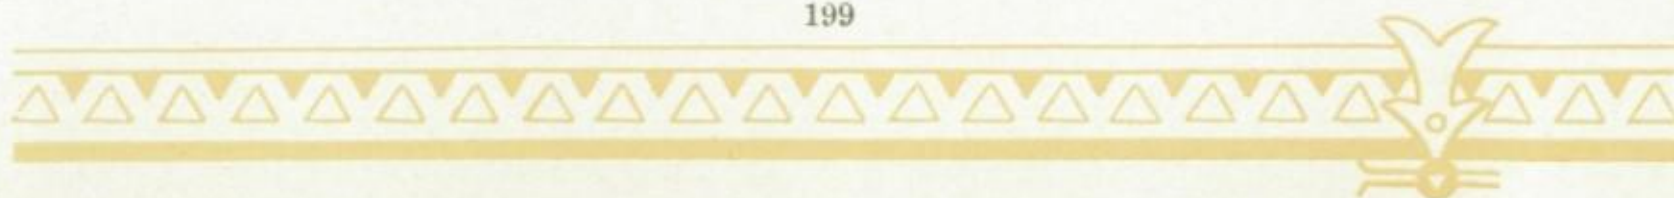

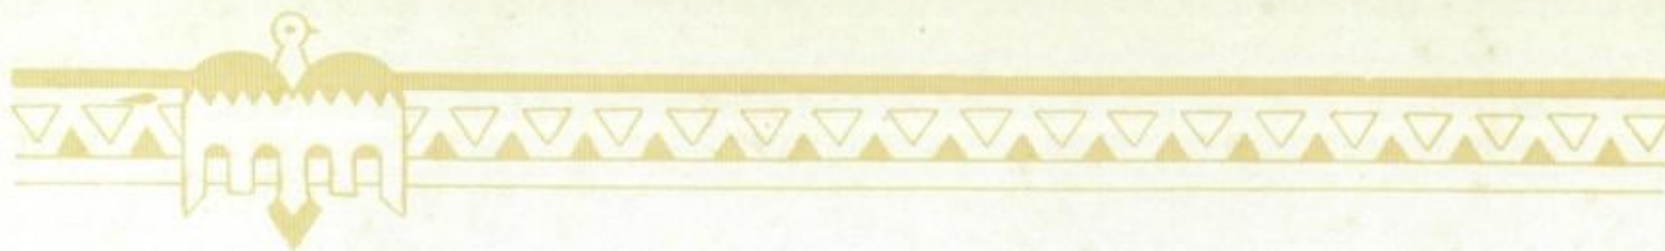

"Big Six Champions"

TAKE a good look at the above group of boys. They are each and every one a curiosity. Why? Because they compose a basketball team that went through a whole season without tasting the bitterness of defeat, which is a rare thing for a basketball team to do. Do you agree with me that they are curiosities?

This is the most consistent team Tech High ever had. Although they had their ups and downs, they were never known far enough to lose. There are a couple of drawbacks, however. Savannah won the G. I. A. A. tournament in the extra period of play by defeating the Smithies. This was a game in which they managed to get all the bad breaks. It was truly a heart-breaker. Then, after swamping the opposition in the Southern W & L tournament except Spartanburg, a heart-breaker was lost to them.

All in all, it was a great season. The season's results will be found on the last page.

HAROLD SCOTT

Captain

Steady, versatile, graceful, these and other adjectives are needed to describe the man who led Tech High to an undefeated season. Few points were scored against Harold, showing that he deserved the honor of the captaincy. This was his last year as a warrior for the Smithies and he will rank as one of the best Captains Tech High has had.

ROBERT MCGAUGHEY

"Google"

Manager

Here is a manager who can truthfully say he is a manager. "Mac" looked after the equipment and Pittman so well that he should be given a medal. Always hustling and cheering for the team, "Mac" established himself in the hearts of the boys and the coach forever. He's a great football battler too, so don't get fresh with him.

JACK PERKINS

"Saint" All G. I. A. A. Forward

Perkins is what is termed a money player in the vernacular of sports enthusiasts. He was a shining light at all times but when points were needed at crucial time Jack would usually manage to get them. He had no peer in ability to handle the ball. Gabe is hoping and praying he will return next year.

JOEL EAVES

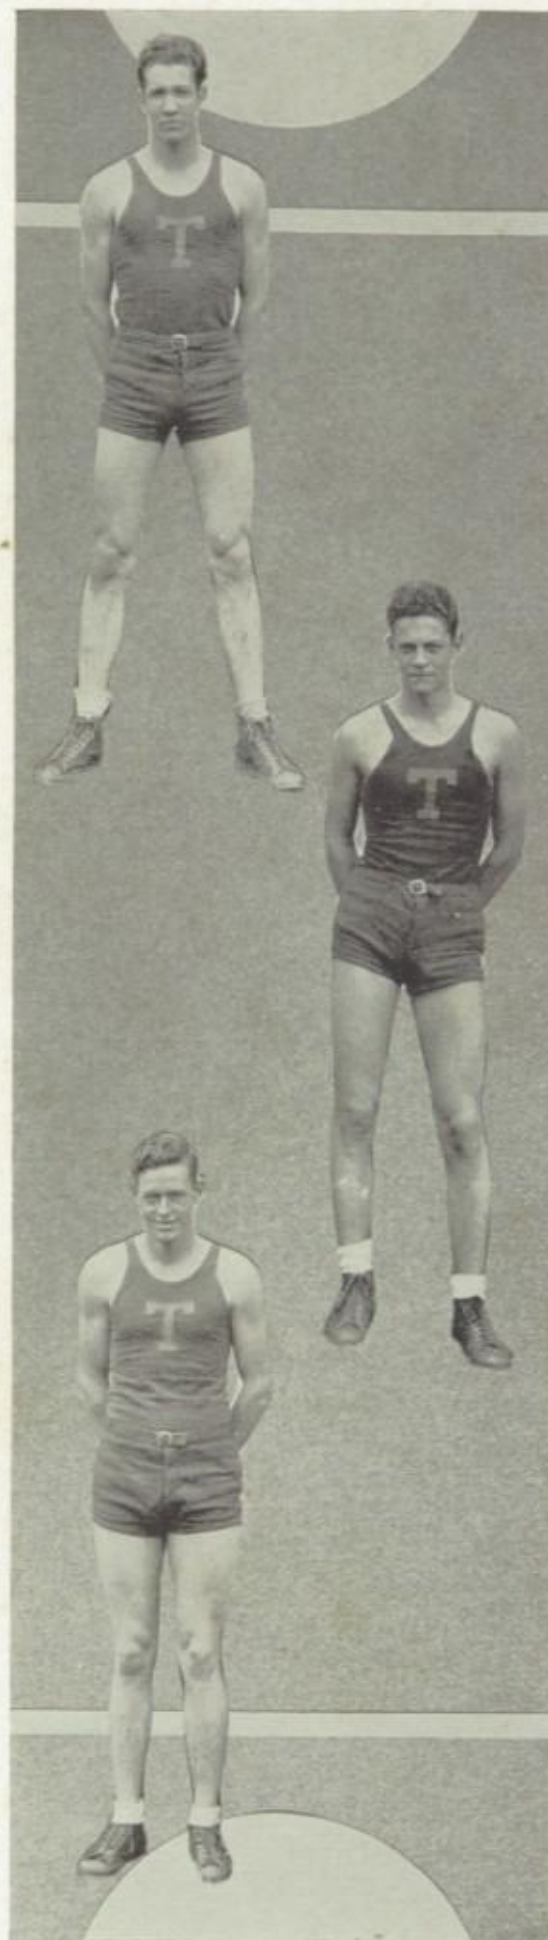

"Silent" Guard

Eaves, the other regular guard, did his part so well that few points were scored up against him. He was an ace on battling up a fast forward and the deadliest shot on the club. He seldom took a crack at the basket, but when he did, it was usually points. He will be back to lead the Smithy five next year.

CLAUDE PITTMAN

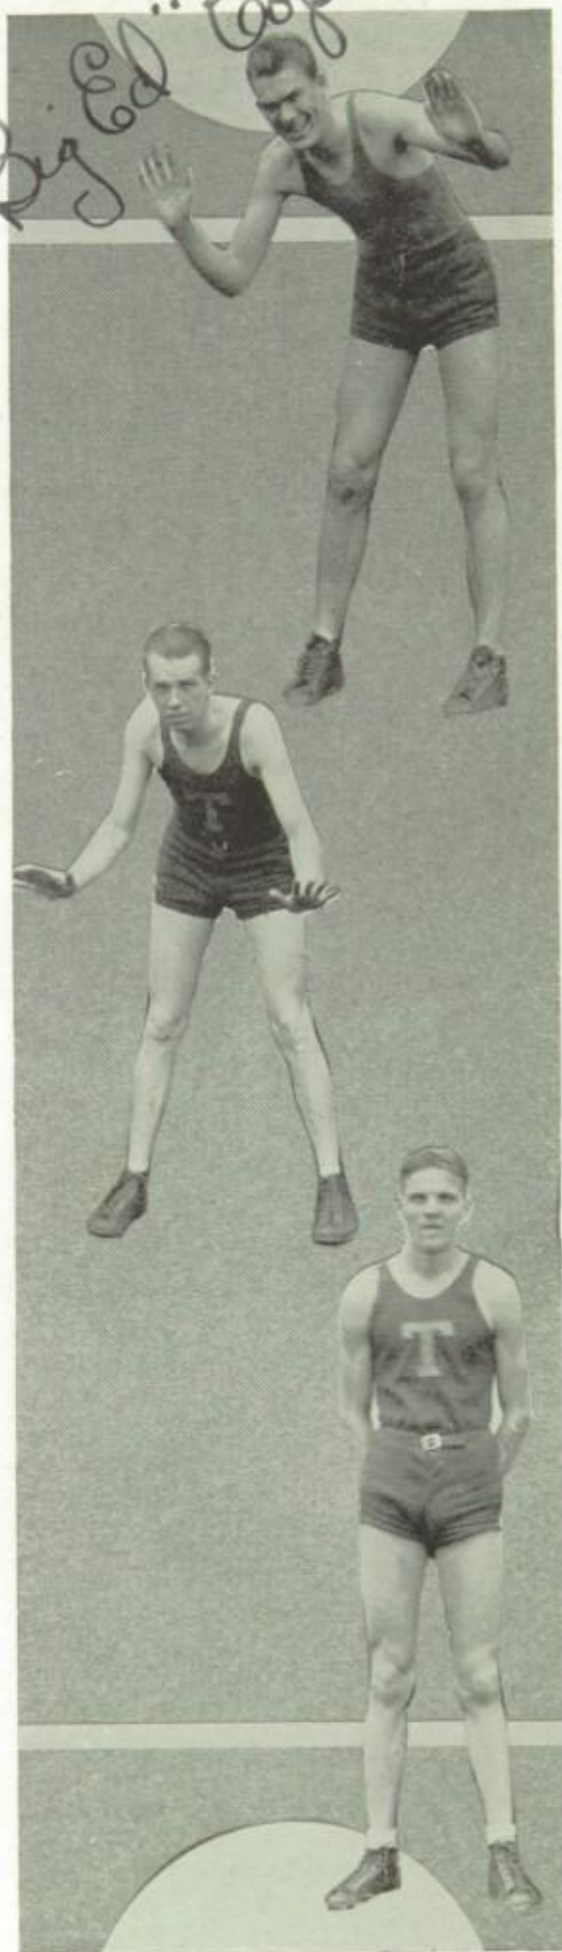

"Baby Mind" Forward

An eternal hustler who can shoot from any position on earth. Maybe that explains his leading the scorers in the Big Six league. This red headed flash thrilled the spectators many times with an almost impossible shot for two points. More power to you next year, Red.

Big Ed .. Copeland

ED COPELAND

"Eddy" Center

Cope'and, the tall, hustling center was a vital cog in the plays used by the team. He was used to block for the forward's, who rang them up. Copeland had his days, and when he "got right," his total of points would run high. In many games he was high point man. He is truly a great competitor.

JOEL TURNER

"Poop"

Forward

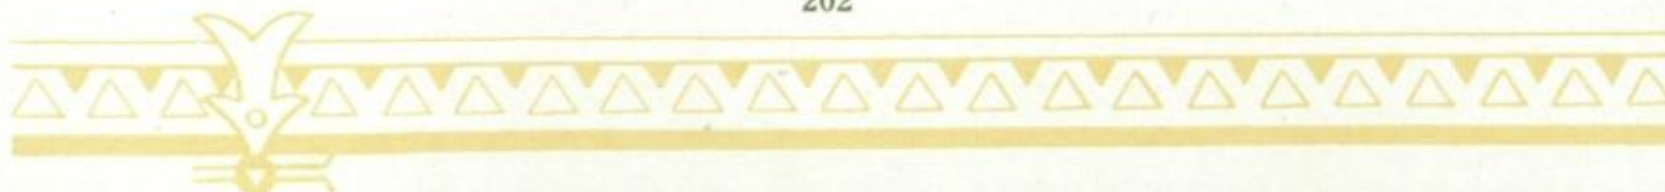

Although he is listed as a forward, Joe is capable of playing any position on the team. He was the general utility man this year and in this way played a huge part in the season's success. He is the kind of a fellow, who never gives up, one who had the welfare of the team at heart. We hope for more like him in the future.

FRANK SPEER

"Dusty"

Center

Speer, that elongated boy at whom you are looking was handicapped greatly this year because of a trick knee. But did it stop him? Oh no: It showed him up but he was in there fighting until the last second of play. He will be the main star of the 1933 team. Good luck, Dusty.

Big Six Champions

THE "B" TEAM

HERE'S another bunch of boys who went through the season undefeated, though they had some close calls. They swamped Boys' High twice as did the "A" team and mowed down all other opposition. Teams in the "Big Six" league who went down in defeat were Boys' High, G. M. A., Monroe, Madison, and Lanier. Season's results are on the last page.

JOE HILLEY

"Gruffy"

Forward

This is Hilley's first year out for basketball and he came through by making the "A" team. Starring in "B" games the first part of the season, he was finally promoted to play with the aces. A never say die spirit which helped him a lot, kept Joe improving steadily as the season progressed. He will do well in college.

JOHN MARION

"Red"

Guard

Johnny is another "B" team man who made good. This long tall boy was the main star of the undefeated "B" team and later made good in "A" competition. He will return next year to wreck his unlucky opponents.

SIDNEY SCARBOUROUGH

"Scab"

Guard

Again we see Scab out this time in basketball togs. He is the only football star on the squad. Yeah: He plays baseball too. He is a versatile athlete and in this instance a fighting, hustling, basketeer. He played on the "B" team last year but ability showed him up his last year.

Class Champions

THESE boys, piloted by none other than the Great Smith, went through all opponents with ease to win the Class Championship. Maybe a few donated themes had a little to do with their successful record. They encountered many tough teams but vanquished them all by hook or crook.

PERSONNEL

Coach, G. Y. SMITH

Forward
Arwood
Tumlin

Center
Baldwin

Guard
Calloway
Hammond

Faculty Aces

LOOK what's here. The faculty basketeters who vanquished the class champions so ruthlessly. Who's the one in the middle? Oh! That's G. Y. Smith, demon guard, who guards the path to the goal so jealously that no one can cross it. (They have to go around him.) The rest of the "boys" are Charlie Gird, fly-weight sharp shooter, "Shorty" McGothlin, the terror of any guard, "Hub" Dowis galloping guard, Sutherland, who is really too small to fly, Shepherd, whose nickname is "two point" (for the other team) and Shaw, the Stienborn of the team. This crowd defeated Decatur's faculty and the Class Champions so easily that Boys' High trembled and decided not to risk their necks.

Baseball

DORSETT AND BALDWIN
Managers

These two boys handled the equipment so well that compliments were paid them by the coach. Much of the success of the season was due to their loyalty and unceasing support.

SPURLING

First Base

"Boob" handles himself on the initial sack like a big-leaguer. He is a graceful fielder and a steady hitter. This is his first year on the varsity.

SCOTT

Third Base

Hal holds down the hot corner where they come at you like bullets. Veteran of many battles, Scott is a helpful influence on the remainder of the team. He is truly a versatile athlete.

WALLACE

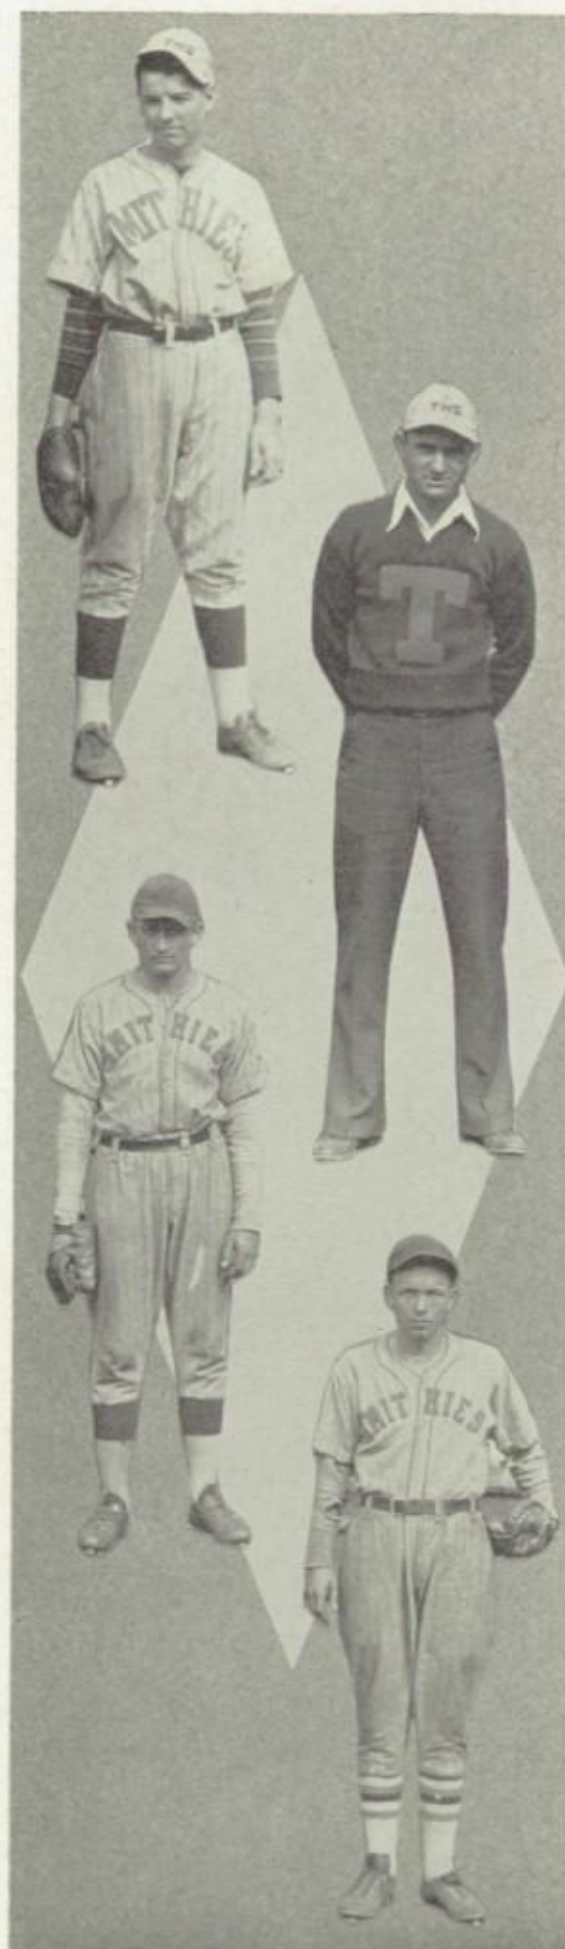

Pitcher

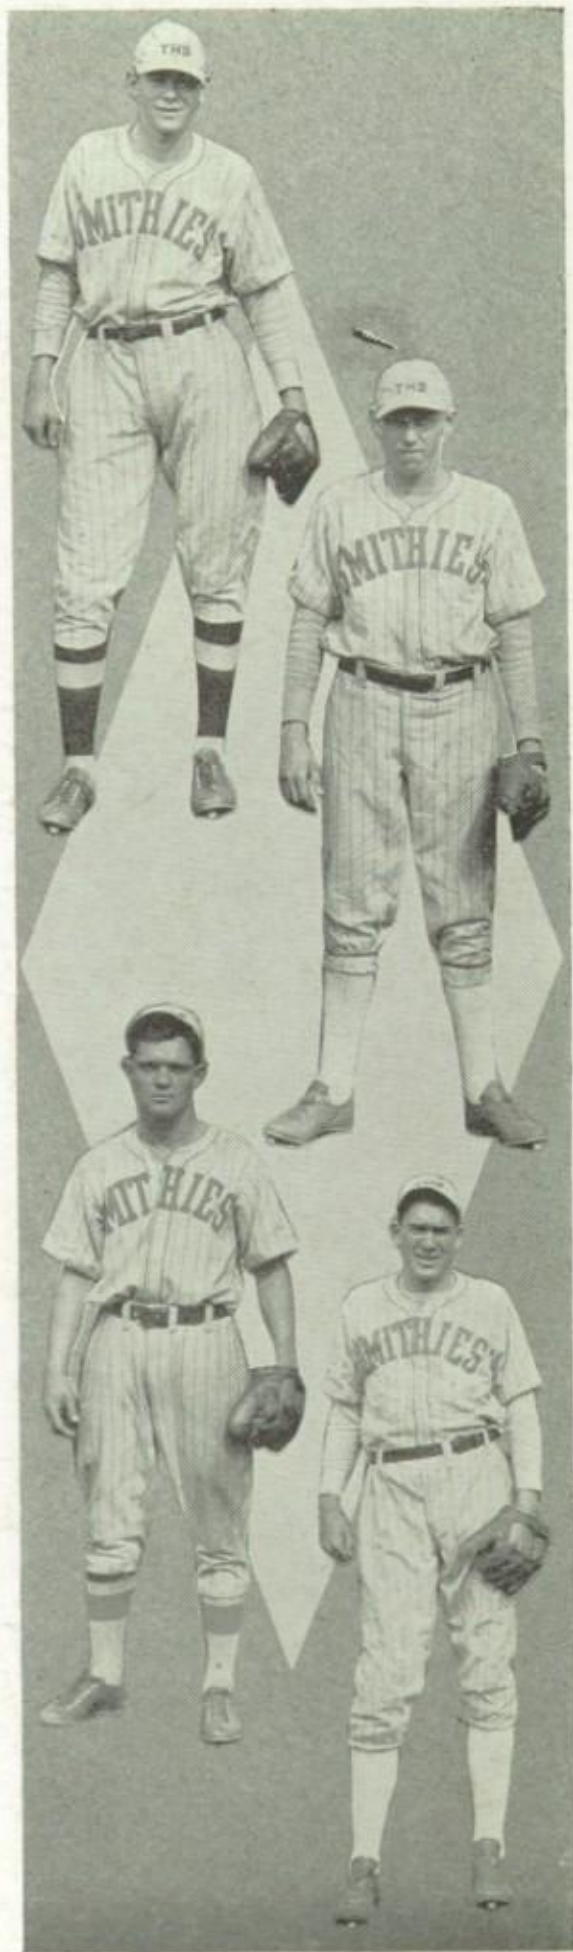

"Lefty", the southpaw twirler, was made into a pitcher by Tolbert, and a good one he is. A hard worker, Lefty helped his team considerably.

GIBSON

Catcher

Gibson calls the signals, much to the discomfort of an opposing batsman. He is a great snagger and will return next year to aid the Smithy nine.

MARION

Left Field

Marion led the league in batting last year and Gabe is counting on him heavily this season. Johnny is truly an artist with the willow.

TIERCE

Shortstop

Joe scoops 'em up at short and a very capable man he is. He is a consistent hitter and few errors are ever charged up against him.

LEARY

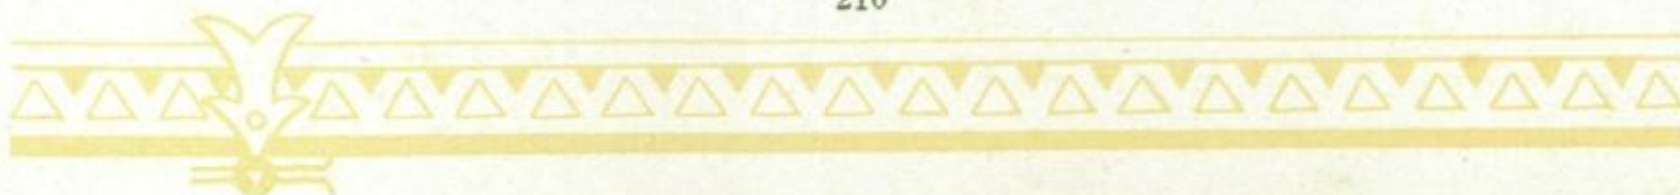

Second Base

"Dog" can play anywhere, but was put on second for this season. His size is to his advantage, as many free trips came his way. A great eye and a strong arm is all that can be asked of him.

COPELAND

Pitcher

The mainstay of the hurling staff, Ed never fails to deliver. Cool, calculating, steady under fire, he whiffs 'em one by one. This is his final year on a Smithy team and his loss will be keenly felt.

SCARBOROUGH

Center Field

Here we see Scab again on an athletic team for Tech High. He is a dangerous man at the plate, as you can never tell what he will do. Tech High loses a good athlete when he leaves.

EAVES

Right Field

When Joe takes a cut at the ball it usually sails far into the blue. A newcomer to the Smithy nine, he proved his ability right off the bat. He is a track man also.

HAMMOND

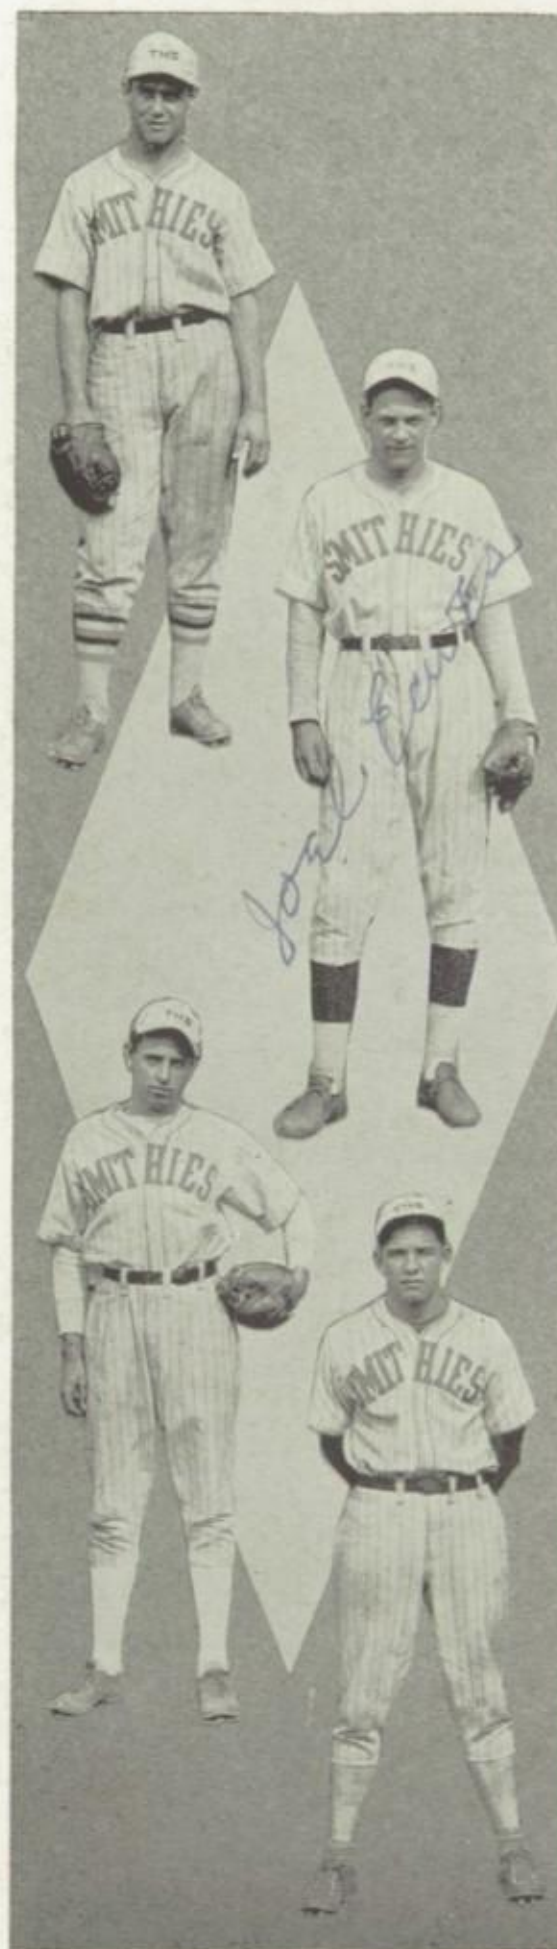

Catcher

Fred did his part nobly in the wrecking of the enemy. He is blessed with an extra good arm and an eye for the ball. He will go well in college.

McLAUGHLIN

Pitcher

Baffling curves and blinding speed! Boland is on the mound. Besides being a great hurler Mac is one of the heaviest hitters on the club. A real money player.

Track

THESE boys never fail to make a showing wherever they go. The relay team carried off first honors at the Tulane Inter-Scholastic meet and the G. I. A. A. Flatau won the 100-yard dash in the Tulane meet; Perkins won the broad-jump in both the Tulane and G. I. A. A. meets.

Following is a list of boys who received points this year:

Flatau	100-yd. relay
Morrison	200-yd. relay
Oakes	440-yd. relay
Jarrel	220-yd. relay
Hilley	pole vault
Perkins	broad jump
Nunan	hurdles

McCullom	distance
Townley	hurdles
Cocking	high jump
Joel Eaves	discus
Jack Eaves	shot put
Demetrius	distance
Bogle	javelin

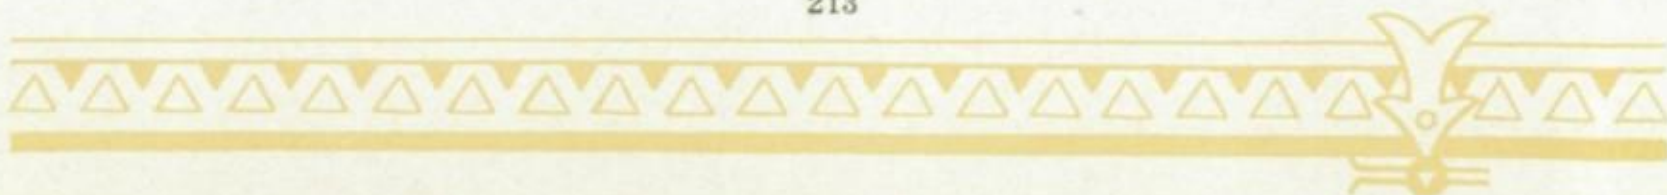

COACH FRANK A. KOPF

Coach Kopf is a farsighted individual who can see the possibilities of a man a year or so in advance. In this manner Coach Kopf has developed some of the best track men in the country and turned out championship teams almost every year. The National Relay Champions of last year will not be forgotten for some time.

MANAGER MILTON PLAYER

Manager Player and Lassiter have contributed greatly to the support of the team. These two hoboed to New Orleans to look after their charges. Such spirit as these two possess should not go unrewarded.

CAPTAIN WALTER OAKES

440 Yd. Dash—Relay

"Walt", the carefree member of the National Champion Relay Team and captain of the Smithy Cindermen, has one of the hardest events of the trackmen. The 440 yard dash is a grueling run that requires unusual stamina and an equal amount of speed. Captain Oakes is one of the best in the country.

ALTERNATE CAPTAIN WINFIELD MORRISON

220 Yd. Dash—Relay

"Winnie" is another member of the famous relay team. This is his third year on the track team, and in all three years of competition he has shown his heels to his opponents. He is as fast as a streak and a loyal Smithy to the core.

MARION NUNAN

Hurdles

Marion is another man who's steady, consistent work is a joy of any coach. He improves steadily, and before the season closes he should be the despair of all opponents. Another Fightin' Smithy who will go far.

TROY McCULLOM

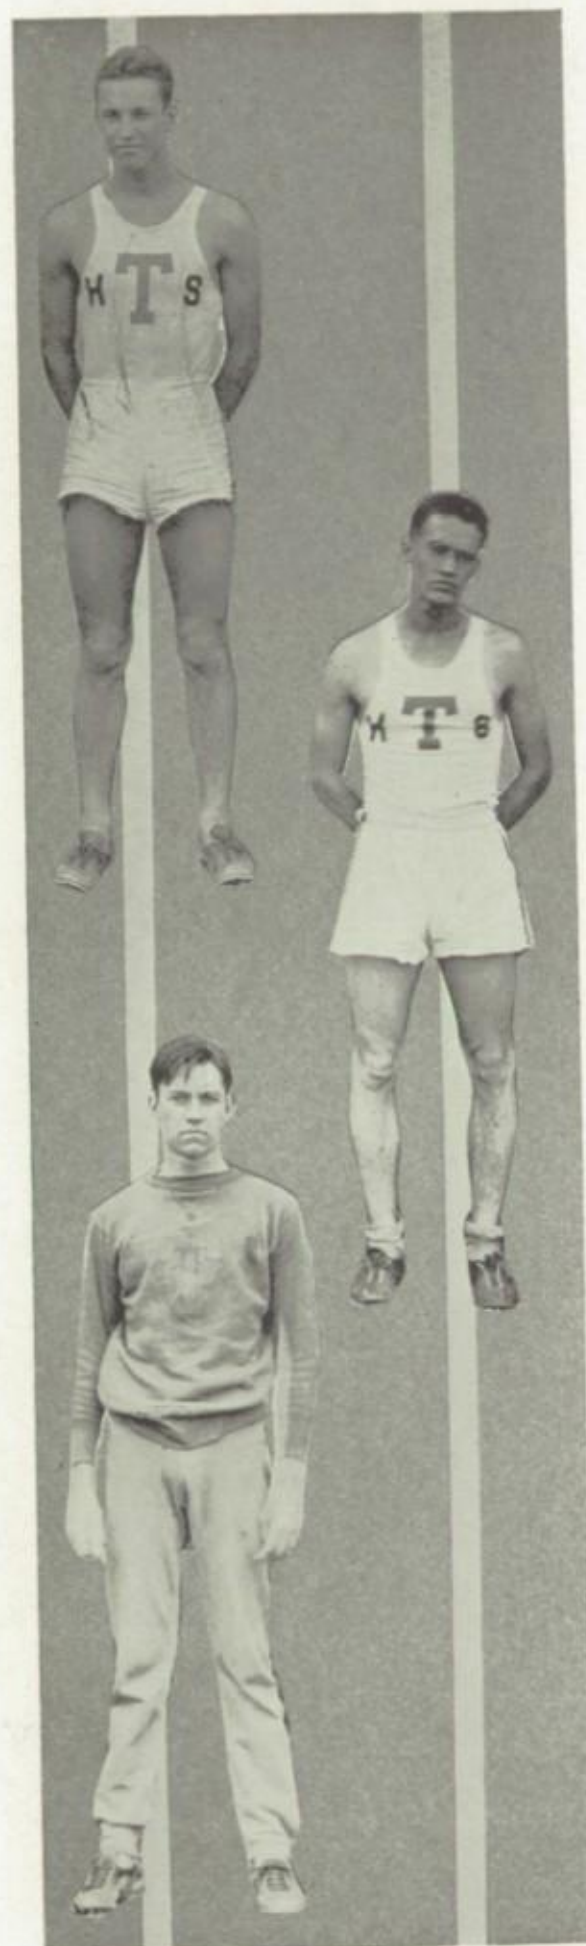

Mile, Half-Mile

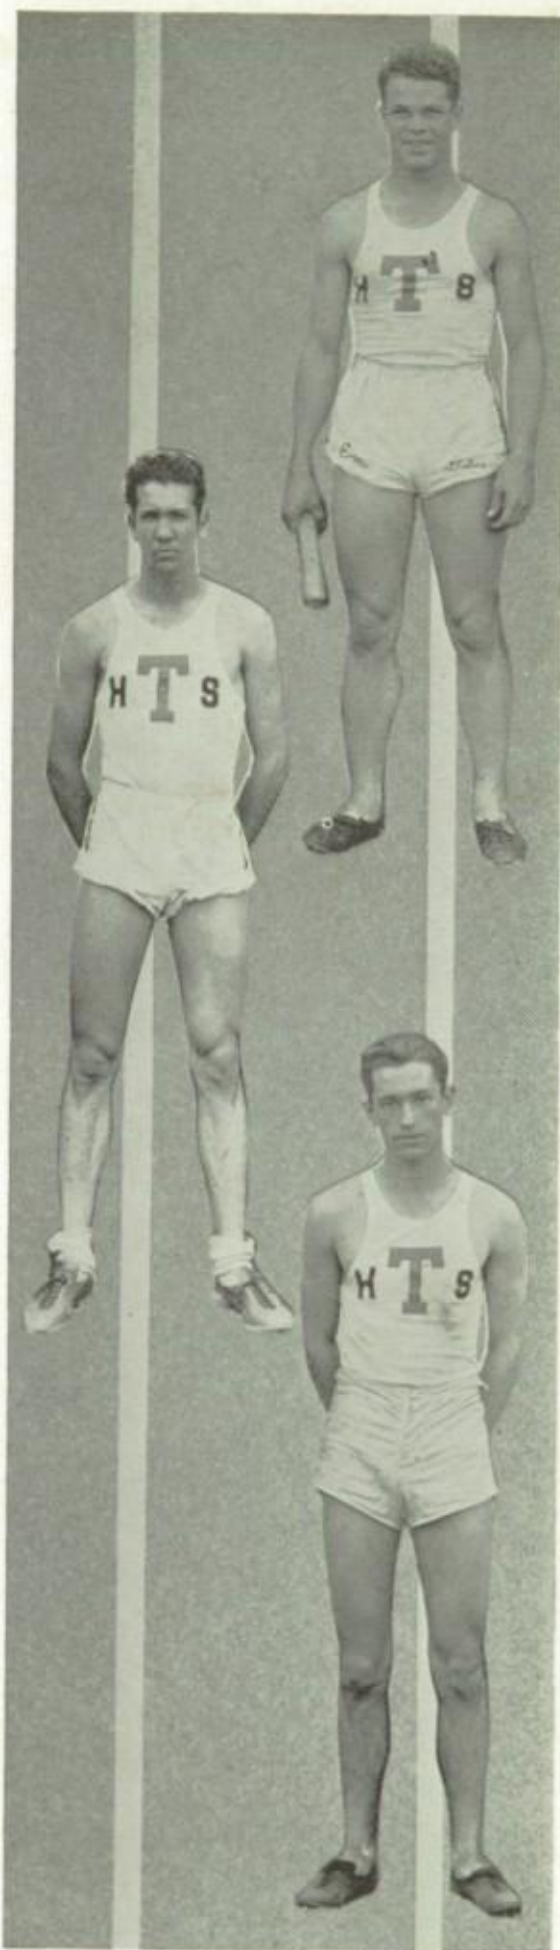

Troy came to us this year from Chattanooga, where he holds the record for the mile. Tech High was extremely fortunate in securing him, as milers were badly needed. He is liked by everyone, a hard worker, and should go far.

JACK BOGLE

Javelin

This is Bogle's second year on the track team, and he is out for a record. A real artist at tossin' the spear, Jack was a big aid to the Smithies during the past season. He will be hard to replace.

BARON FLATAU

100Yd. Dash Relay

Though short in stature, the powerful legs of Toby have carried him to first place in almost every meet. He won the sixty yard dash at Chapil Hill in three heats. This was the first meet of the season; but in every meet since, Toby has carried away five points. He is following in Pinky Moore's footsteps.

JACK PERKINS

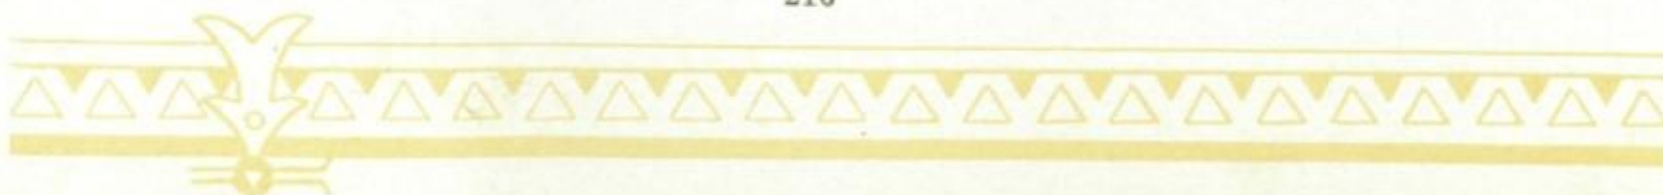

Broad-Jump

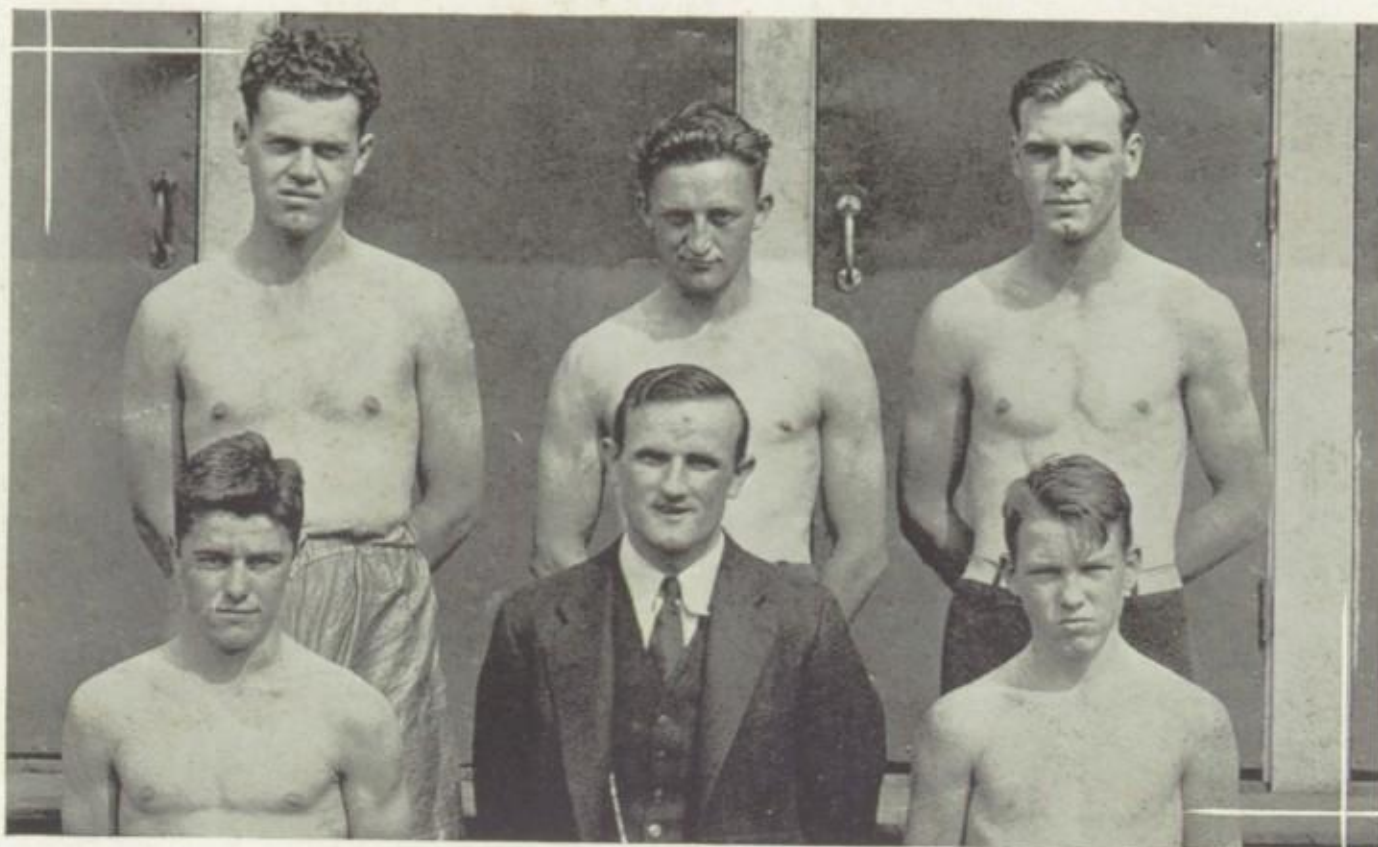

Take a look at a champion! In the first meet of his life he jumped twenty-one feet four inches to win the event. He wins consistently and jumps only as far as he is pushed. His best distance is twenty-two feet six inches.

JOE HILLEY

Pole Vault

Pole vaulters are few and far between, and Tech High is fortunate in that they have Joe. He is putting inches to his height every week and should make a bid for high honors before the close of the season. Another part of a bunch of champions.

Boxing

E. L. SHEPHERD, *Coach*

THE boxing team, after losing the first match with Boys' High, came back later to even the score, trouncing their rivals to the tune of five to three. Boxing, without a doubt, is the most popular sport of the spring season, and these boys had to fight hard to earn a place on the squad.

The boys are: Reed, flyweight; Sears, bantamweight; Simons, featherweight; Steckle, lightweight; Kilban, welterweight; Williams, middleweight; Hindman, light-heavyweight; and Orr, heavyweight.

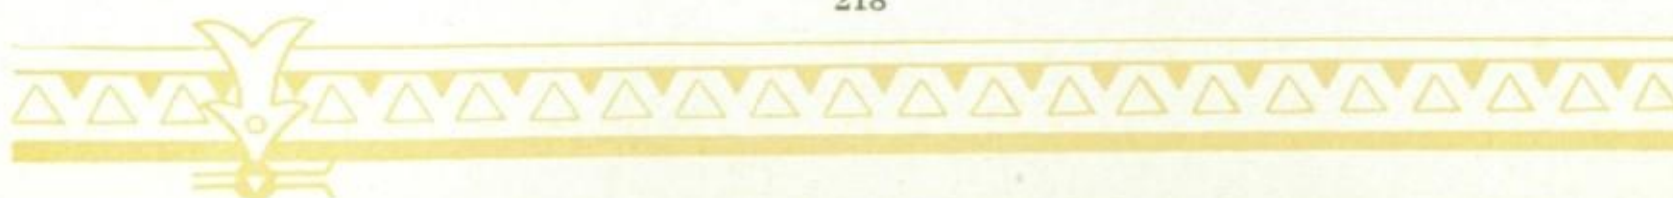

Swimming

THESE tankmen practiced hard and faithfully every day at the Y. M. C. A., and they were rewarded by a fine showing in every meet. Mr. Savage is the coach.

ROSTER

Thorne
Bogle
Richardson
Rochelle
Perry

Friend
Allen
Henry
Dunn
Seckinger

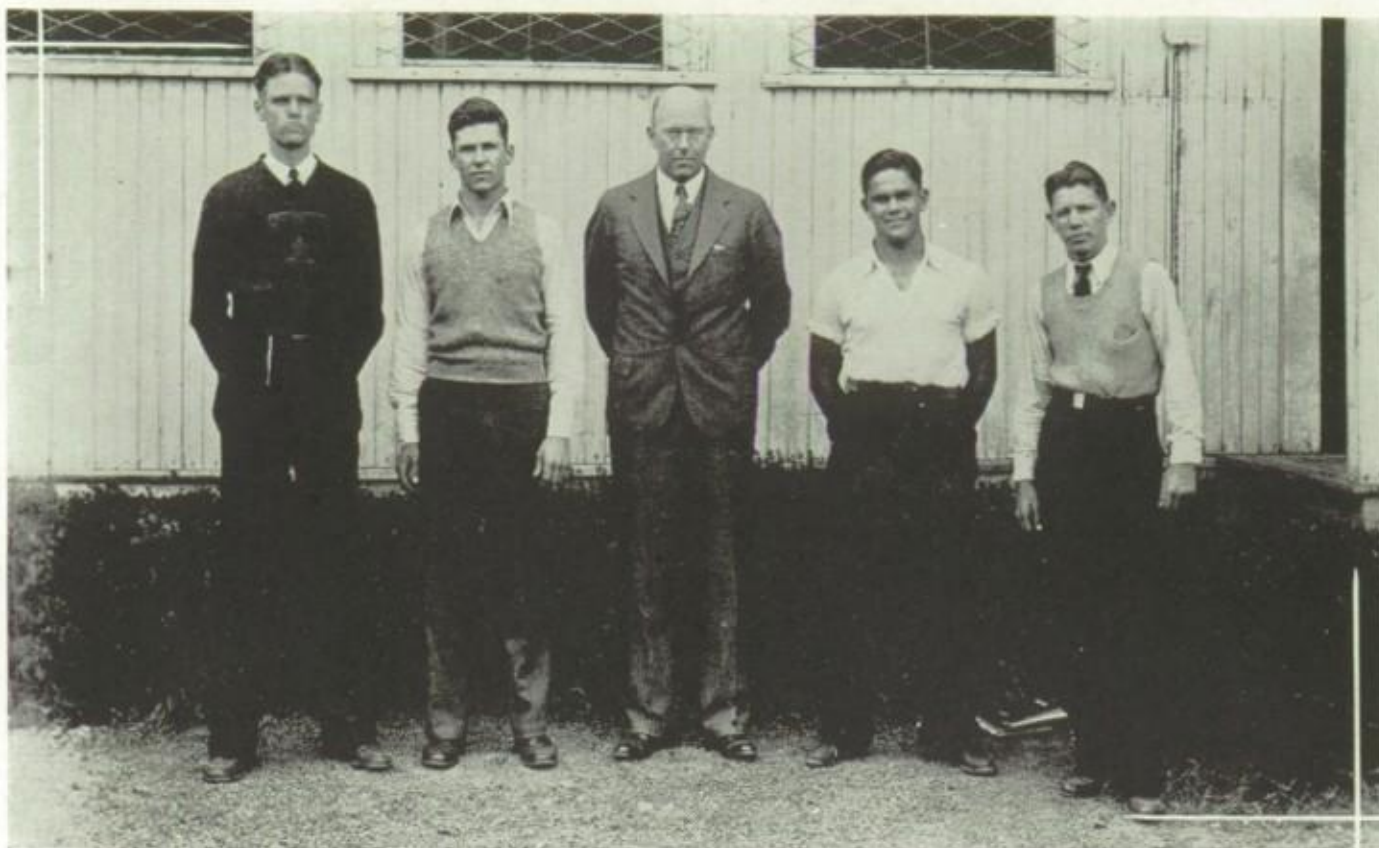

Tennis

COACH COLLINS' cohorts got off to a slow start this season but came through as the matches came along. Led by Captain Morrison, the team showed up well in the Southern Prep meet at Riverside. The members of the team are Street, W. Morrison, F. Morrison, Collier, Hilley and Webb.

Golf

COLONEL POOLE'S golfers swamped everything in sight as the season progressed. Led by Bruce Morgan, that peer of the links, they piled up victory after victory. Members of the team are Bruce Morgan, Willie Smith, Billy Street, and Tommy Barnes.

WHAT MAKES A UNIVERSITY?

*Calling a Group of Buildings a University Doesn't
Make It a University.*

A University must have money, men, ideals, and standards. Money for buildings, equipment and operating expenses. Scholarly men—men whose love of learning is animated by an even greater love of God and man—for a faculty. Ideals of character and conduct which tend to develop the higher and nobler side of the student's nature. Standards of training which insure that its students will receive what a University purports to give: instruction of the quality accepted and approved by the highest accrediting agencies.

You can get but one college education. Be sure that it is one which will stand the test of time.
